Water Into Wine Tom Harpur, 2008-11-06 Following the extraordinary and ongoing success of his 2004 book *The Pagan Christ* scholar and author Tom Harpur was deluged with readers requests to go more deeply into the mythological allegorical approach to the story of Jesus he took in that bestselling book In *Water Into Wine* Harpur sets out the powerful and transforming message that emerges when the Gospels are finally read as they were originally intended to be and as they were understood by the first Christians such as Origen and Clement Seen in their true mythological and symbolical meaning the stories in the drama of Jesus life come alive in a totally fresh way not as the account of a single distant god man working strange miracle like Superman or some other fictional magician but as a description of the evolution of the soul in everyone of us The theme of the Gospels parallels exactly the theme of the Old Testament as well as every ancient sacred text which is that a spark of the divine spirit incarnates in each and every human being Tom Harpur shows how the old old story is at the heart of every religion and how it is really our own personal story too *Water Into Wine* is a tour de force written by a skilled and learned communicator that should excite and nourish every true seeker after spiritual fulfillment As well it has the enormous potential for furthering the goal of global understanding and peace

African Christian Theologies and the Impact of the Reformation Heinrich Bedford-Strohm, Tharcisse Gatwa, Traugott

Jähnichen, Elisée Musemakweli, 2017 One of the strongest heritages of the Reformation for Christianity was to return to the central role given to the Bible translated in local dialects Christianity expanded thanks to the translation of the Bible in

vernacular languages worldwide Most importantly the people who had been victims of prejudices of race supremacy could now have access to God in their own language culture and idioms without intermediaries It is largely thanks to Bible translations that the majority of those churches in Africa born of European mission activities continued to develop positively after the end of the colonial age and that independent African churches emerged Series Theology in the Public Square Theologie in der Öffentlichkeit Vol 10 Subject African Studies Christian Studies
