Clothed With The Sun The Omega Trilogy Volume :

The Godmaker Trilogy: Book I: Alpha & Omega; Book II: Everywhere & Nowhere; Book III: I Am Robin

Buckallew,2018-08-15 Now in one volume the Godmaker Trilogy Rudy Sullivan must follow the Godmakers if he wishes to protect his own life and the lives of those he loves He has one ace in the hole the last play ever written by the old playwright who might be a suicide or might have been murdered He trails the two old men who claim they created all the gods as they take him from Italy to California to the North Pole finally ending in the panhandle of Nebraska where an odd monument and a sleepy town somehow figure in the secret of the universe The old man who claims to be Paul of Tarsus and travels in a creaky old plane with his friend John the Baptist has a knack for turning Rudy s life upside down and in the process conjuring up demons and danger Rudy finds it hard to believe in Paul but he finds it harder not to follow him What he learns and sees on his journey will lead him to question not just his sanity but his faith in God Annals of the Omega Project - a Trilogy

Thomas A. Cahill,2012-07-15 On a flight from Sacramento to Denver Professor Ken O Neal discovers he has a telepathic and loving connectedness with flight attendant Michelle Kolberg Believing that other sensitives probably exist in their midst they embark on the formation of a group of like minds they call the Omega Project at a University of California campus The Omega Project s benevolent communication is suddenly threatened by powerful people in San Francisco older men in secret Covens who use ancient mind control techniques to trap their telepathic victims and perform horrific deadly feedings on their brains to strengthen their own powers of domination A feeding on the brain of a university student named Bonny ignites warfare between the Covens and Omega members with gruesome fatalities Ken and Michelle learn more about the frightening control of the leaders of the Covens organization in Europe forcing Omega to go underground Fearing the growing capabilities of the Omega members the Covens call upon their Gypsy allies some of whom they casually sacrifice as part of their strategy to frighten and execute Omega members Furious the Gypsies reluctantly realize they must reconsider their alliances The battle spills over into Europe and some innocent bystanders who become aware of the Coven monsters in their midst pay an awful price Eventually acknowledging the compassionate intentions of the Omega Project the Gypsy clans cautiously develop trust and agree to help Omega launch a counterattack against the Covens despite knowing they must face the evil Emil who is powerful enough to kill by thoughts alone **Panacea Exodus**
