Reading Comprehension Instruction, 1783-1987 H. Alan Robinson, 1989 This book examines the methods materials outcomes and technologies of past literacy practice with special focus on the teaching of reading comprehension The book presents a study of published texts on reading comprehension instruction in America in the preresearch period 1783 1910 as well as published research reports from 1910 through 1987 The book argues that many of

the trends in comprehension instruction can be traced to developments in American psychology and looks at future directions for both the practitioner and the researcher A review of all the studies focused on reading comprehension instruction discussed in the book and an alphabetical listing by author of each study are included in the appendixes KEH Toward a Model of the Development of Reader Resources in the Emergence and Acquisition of Literacy Skill Sara Ann Beach,1991

**Becoming a Reader** Michael P. O'Donnell,Margo Wood,1999 *Becoming a Reader A Developmental Approach to Reading Instruction* Second Edition is intended as a basic developmental reading text for preservice and in service teachers It has been our experience in teaching undergraduate and graduate students in education that a developmental perspective of literacy learning provides a helpful framework for understanding the process We have found that most textbooks on reading methods are organized topically with chapters on word identification comprehension study strategies use of basal readers literature and classroom organization *Becoming a Reader* is organized differently We use a stage model of reading development to describe how children become skilled readers Specific topics such as word identification and comprehension are discussed within this broader framework The text represents a synthesis of current thinking about how literacy is acquired We have endeavored to produce a reader friendly text by providing concise descriptions of the various aspects of literacy learning and instruction supplemented by examples and case studies To avoid overburdening the reader with lengthy literature reviews have have cited only the most current and relevant sources to document and support the viewpoints presented As you read the text bear in mind that we regard literacy learning as a language learning process that is best acquired through the functional purposeful use of print The instructional methods we advocate reflect this basic premise **Improving Reading Skills in Social Studies** Joseph E.
