

Coal Minin' Man

Ricky Skaggs

Daylight of dark
In rain or shine
It don't much matter
Down in the mine
Where the tunnel's deep
Lord, the air gets thin
That's the way of life
For the minin' man

His lungs are weak
His back is gone
His sixty years
Are plainly shown
Lived half his life
Down in the ground
A cold steel hammer
Rings a mournful sound

Daylight of dark
In rain or shine
It don't much matter
Down in the mine
Where the tunnel's deep
Lord, the air gets thin
That's the way of life
For the minin' man

I'll tell you, Son
He said to me
There's just two things
I pray to see
That the day my Savior
Calls me home
And to see my son
Stop minin' coal

Oh daddy dear
I'll tell you true
There's nothing else
For me to do

But to... [Full lyrics on Google Play Music](#)

New History of American and Canadian Folk Music Dick Weissman, 2019-09-05 Building on his 2006 book *Which Side Are You On* Dick Weissman's *A New History of American and Canadian Folk Music* presents a provocative discussion of the history, evolution, and current status of folk music in the United States and Canada. North American folk music achieved a high level of popular acceptance in the late 1950s. When it was replaced by various forms of rock music, it became a more specialized musical niche, fragmenting into a proliferation of musical styles. In the pop-folk revival of the 1960s, artists were celebrated or rejected for popularizing the music to a mass audience. In particular, the music seemed to embrace a quest for authenticity, which has led to endless explorations of what is or is not faithful to the original concept of traditional music. This book examines the history of folk music into the 21st century and how it evolved from an agrarian style as it became increasingly urbanized. Scholar-performer Dick Weissman himself, a veteran of the popularization wars, is uniquely qualified to examine the many controversies and musical evolutions of the music, including a detailed discussion of the quest for authenticity and how various musicians, critics, and fans have defined that pursuit. **Library of Congress Subject Headings** Library of Congress. The Depression-era politics of strikers' songs that called for solidarity and action. **They Say in Harlan County** Alessandro Portelli, 2010-11-04 Made famous in the 1976 documentary *Harlan County USA*, this pocket of Appalachian coal country has been home to generations of miners and to some of the most bitter labor battles of the 20th century. It has also produced a rich tradition of protest songs and a wealth of fascinating culture and custom that has remained largely undiscovered by outsiders until now. *They Say in Harlan County* is not a book about coal miners so much as a dialogue in which more than 150 Harlan County women and men tell the story of their region from pioneer times through the dramatic strikes of the 1930s and 70s up to the present. Alessandro Portelli draws on 25 years of original interviews to take readers into the mines and inside the lives of those who work, suffer, and often die in them from black lung, falling rock, suffocation, or simply from work that can be literally backbreaking. The book is structured as a vivid montage of all these voices: stoic, outraged, grief-stricken, defiant, skillfully interwoven with documents from archives, newspapers, literary works, and the author's own participating and critical voice. Portelli uncovers the whole history and memory of the United States in this one symbolic place through settlement, civil war, slavery, industrialization, immigration, labor conflict, technological change, migration, strip mining, environmental and social crises, and resistance. And as hot-button issues like mountain-top removal and the use of clean coal continue to hit the news, the history of Harlan County, especially as seen through the eyes of those who lived it, is becoming increasingly important. With rare emotional immediacy, gripping narratives, and unforgettable characters, *They Say in Harlan County* tells the real story of a culture, the resilience of its people, and the human costs of coal mining. **Time** Briton
