Toxic chemicals are found in almost all commercial cleaners, the very products people buy to make their homes hygienic and healthy. The recipes in *Homemade Cleaners* use common, affordable ingredients that not only get every room in the house sparkling and germ free but are also safe for families and the environment. The green cleaners in this invaluable guide are all that is needed to keep a purified home without using harsh chemicals that can cause everything from skin irritation to central nervous system damage. Using nontoxic materials like vinegar, baking soda and even vodka, *Homemade Cleaners* focuses on every floor, wall, window and appliance and includes methods for absorbing odors, information on air purifying plants, a primer on basic chemistry, a checklist of essential supplies and tips for cutting down on waste. [The Country Almanac of Housekeeping Techniques That Save You Money](#) Richard Freudenberger, Editors of BackHome Magazine, 2012-01-01 *The Country Almanac of Housekeeping Techniques That Save You Money* is an empowering book that shows us all how to live healthier and greener, save money, take care of our homes and yards and do it all ourselves. It would make a great gift for any homeowner. Brigitte Mars, www.brittemars.com co-author of *The Country Almanac of Home Remedies*. Our forefathers and mothers knew how to keep their homes clean and homey and live richer while spending less. Many of today's products are expensive, bad for the environment and don't work any better than Grandma's methods, which only cost pennies. The editors at BackHome Magazine have collected hundreds of formulas for effective cleaning, gardening and home maintenance as well as ways our ancestors saved on heating bills, prevented costly repairs and maintained a cozy, charming home with little besides ingenuity. Drawing on the advice and techniques of contributors across the country, this indispensable guide shows you the best ways to take care of everything in your home, from wood floors to tile to stainless steel appliances and how to get the longest life out of every household item, from pots and pans to pillowcases. *The Country Almanac of Housekeeping Techniques That Save You Money* is chock full of solutions, recipes and how-to projects for living a simpler, cleaner life and keeping your home beautiful.
