**Whole Language Teaching, Whole-hearted Practice** Monica Taylor, 2007 This seminal collection brings together the multiple perspectives of whole language educators over the course of the past thirty five years The essays illustrate the complex ways in which whole language teachers have been and continue to be political activists through their interactions with students the teachers beliefs about teaching learning and curriculum their commitment to critical thinking and social justice their collaborative engagements with other teachers their role as leaders of change in schools and communities and finally their activism in society Although many believe that we are living in a climate where the term whole language is considered taboo the contributors to this book demonstrate hopefulness for the future of whole language as Yetta and Ken Goodman write in the concluding chapter whole language is alive and well

Artfully Teaching the Science of Reading Chase Young, David Paige, Timothy V. Rasinski, 2022-04-04 This inviting book is a bridge between two major strands of reading instruction that are often held in opposition the science of reading and artful approaches to teaching reading Although the current climate of literacy instruction positions these approaches as diametrically opposed the authors Young Paige and Rasinski describe how teachers can use the science of reading to engage students in artful engaging and authentic instruction The authors reveal how effective teaching is a dynamic process that requires agency and creativity and show how teachers make artful shifts based on the needs of students in specific contexts Chapters include a range of examples and explanations of how artful teaching is integrated into reading instruction and how it can increase students motivation and positive attitudes toward reading The concise and practical chapters cover key topics including phonemic awareness reading fluency vocabulary assessment home and family reading and more This essential road
