

## CHAPTER 3: ITEM-BY-ITEM GUIDE TO THE MDS

### 3.1 Overview to the Item-by-Item Guide to MDS

This chapter is to be used in conjunction with Version 2.0 of the MDS assessment. Also included in this chapter are the instructions for the supplemental forms for MDS Sections B, E, and F. Contact your State RAS Coordinator regarding your State's implementation for Sections B, E, and F, as well as for any additional state-mandated MDS assessment requirements.

**This chapter provides information to facilitate an accurate and efficient resident assessment. Refer to these instructions frequently.**

- The intent of items included on the MDS.
- Supplemental definitions, instructions and clarifications for completing MDS items.
- Examples of which MDS items require observation of the resident for other than the resident's last observation period.
- Sources of information to be consulted in completing specific MDS items.

#### **Using This Chapter:**

Use this chapter alongside the MDS Version 2.0 data collection form during the time to build or year up all items. The simplifying information in this chapter should facilitate successful use of the MDS. The items from the MDS are presented in a sequential basis in this chapter. Where items are presented on a form other than the full MDS assessment form, this fact is noted in the text.

The chart that follows summarizes the recommended approach to using just the necessary portion with MDS Version 2.0. The total time required in this multi-step review process will have a major payoff.
