Coaching An International Journal Of Theory Research And Practice:

Mastering Executive Coaching Jonathan Passmore, Brian Underhill, Marshall Goldsmith, 2018-12-07 This book aims to enrich the knowledge and toolkit of executive coaches and help them on their development path towards mastery Edited by three leading practitioners it brings together the expertise of an international range of Master Coaches and provides evidence based practical chapters across a broad range of topics including contracting ethical dilemmas coaching board members and non executive directors and the use of psychometrics Mastering Executive Coaching will be essential reading for executive coaches consultants and trainers who are looking to develop their practice It will also be highly relevant for Masters level students of coaching and coaching psychology

Internal Coaching Katharine St John-Brooks, Julia Duncan, 2025-11-14 Internal Coaching The Inside Story provides a window into the world of internal coaching the challenges and rewards for the coaches themselves and the ways in which organisations can ensure that they can get best value for money from their investment in them Internal coaching is booming yet there has been surprisingly little written about the unique nature of the internal coaching role Drawing on the stories of hundreds of internal coaches coach sponsors lead coaches supervisors of internal coaches and coach trainers this book gives internal coaches a voice Building on the success of the first edition this brand new edition offers an accessibly written mine of information for practitioners and academic researchers alike incorporating many real life examples of different practice provided by internal coaches themselves plus references to over 180 sources of relevant research Whether you re an experienced coach a leader building a coaching culture within your organisation or someone just beginning to explore this fascinating field this book is here to support and inspire you

International Handbook of Evidence-Based Coaching Siegfried Greif, Heidi Möller, Wolfgang Scholl, Jonathan Passmore, Felix Müller, 2022-03-31 This handbook comprehensively covers the fundamental key concepts in coaching research and evidence based practice and shows how coaching can be applied to multiple contexts It provides coaching scholars researchers and practitioners with detailed review of the key concepts research and new insights into coaching research and practice This key reference work includes over 70 contributions from more than 110 leading researchers and practitioners in the field across countries and deftly combines theory with case studies and applications from psychology sociology business administration organizational studies education and communication studies This handbook edited by the top scholars in the field is meant for an academic as well as a professional readership and is an invaluable resource for coaches clients coaching institutes and associations and students of coaching

The Self-Help Industry Bruno De Oliveira, 2025-12-16 Is the Self Help Industry Really Helping or Are We Being Misled This work critically analyses the self help industry tracing its evolution from 19th century moral guidance to today s multi billion pound enterprise It provides an incisive overview examining how self help s promise of empowerment has shifted from a community focused ideal to a relentless often isolating pursuit of personal success Through a detailed exploration The Self Help Industry dissects the

oversimplifications and individualistic biases that pervade self help literature uncovering the limitations of its one size fits all philosophy It highlights the darker side of the relentless tyranny of optimism showing how the industry s embrace of toxic positivity has a detrimental effect and influences everything from corporate culture to social media The Self Help Industry addresses the paradox at the heart of self help while it claims to enable growth it often leaves readers feeling inadequate De Oliveira critiques the commodification of personal development questioning the ethics of profiting from promises of transformation A critical look at self help s success stories reveals how they obscure complex realities ultimately reinforcing unrealistic expectations The Self Help Industry advocates for a shift toward collective systemic approaches to empowerment calling for a focus on community social justice and liberation This thought provoking work is essential for anyone rethinking their path to well being LETS ,2015 Mastery in Coaching Jonathan Passmore,2014 Get the best from your clients with these relevant effective psychological coaching techniques Psychometrics in Coaching Jonathan Passmore,2008

Psychometrics in Coaching offers expert advice on how coaches consultants and human resources managers can use psychometrics to support and develop individuals in the workplace and outside With a growing demand for psychometric testing in the coaching profession coaches and practitioners alike need to understand the psychology underpinning the tests as well as how to select and apply them effectively Written by an international team of global coaching practitioners and psychometricians this book provides an overview of using psychometrics and providing feedback and offers clear explanations of the key models and tools used in coaching today Whether you are new to using psychometric tests or an experienced practitioner this book provides you with a deep understanding of the models the theory and research behind them their reliability and validity and how to implement them as part of a wider coaching and development programme Psychometrics in Coaching is an essential resource for those seeking expert guidance from the leading writers in the field as well as students on psychology psychometrics business and human resources programmes Includes contributions from Beverly Alimo Metcalfe Elizabeth Allworth Richard Barrett Dave Bartram Richard Brady Eugene Burke Sally Carr David Caruso Roy Childs Peter Clough Bernard Cooke Keith Earle James Fico Alexander Fradera Leanne Harris Robert Hogan Thomas Hurley Quentin Jones Carol Kauffman Betsy Kendall Rainer Kurz Rab MacIver Helen Marsh Dick McCann Almuth McDowall Kenneth Nowack Stephen Palmer Jonathan Passmore Peter Pritchett Peter Salovey Peter Saville Jordan Silberman David Sharpley Jeff Stagg Doug Strycharczyk Published with the Association for Coaching Promoting excellence ethics in coaching The Association for Coaching is an independent non profit professional body whose aim is to promote best practice and to raise the awareness and standards of coaching while providing value added benefits to its members whether they are professional coaches or organizations involved in coaching Find out more at www.associationforcoaching.com The Wiley-Blackwell Handbook of the Psychology of Coaching and Mentoring Jonathan Passmore,David Peterson,Teresa Freire,2016-08-08 A state of the art reference drawing on key contemporary research to provide an in depth international

and competencies based approach to the psychology of coaching and mentoring Puts cutting edge evidence at the fingertips of organizational psychology practitioners who need it most but who do not always have the time or resources to keep up with scholarly research Thematic chapters cover theoretical models efficacy ethics training the influence of emerging fields such as neuroscience and mindfulness virtual coaching and mentoring and more Contributors include Anthony Grant David Clutterbuck Susan David Robert Garvey Stephen Palmer Reinhard Stelter Robert Lee David Lane Tatiana Bachkirova and Carol Kauffman With a Foreword by Sir John Whitmore How Coaching Works Joseph O'Connor, Andrea Lages, 2007 Coaching is very big business Over the last decade it has become one of the most popular approaches to personal and business development Coaching books tend to focus on just one method and just one of five main areas Executive coaching for senior business people Business coaching for companies to improve results Life coaching for people who want a better sense of fulfilment and wellbeing Sports coaching for individual athletes Team coaching for teams in sport or business Pragmatic and informative How Coaching Works is the first to explain the key concepts that underpin all of these different areas It also explores how different ideas have blended to give rise to what we know as coaching today and singles out what works The authors are two of the world's leading experts in this field In How Coaching Works they have created a must have book for practising coaches students and anyone interested in the subject **NLP Coaching** Susie Linder-Pelz, 2010-02-03 NLP Neuro Linguistic Programming is believed by many to be a powerful set of tools for facilitating change and enhancing performance Yet despite the success stories and proliferation of courses there is still much skepticism about the validity and effectiveness of NLP In NLP Coaching Susie Linder Pelz brings for the first time an evidence based perspective to this coaching methodology She explains how and where NLP coaching is used examines its links to established principles and practices and questions aspects of NLP where the empirical evidence is missing She reviews recent developments in NLP based coaching practice and proposes a specific research agenda that will move NLP coaching towards an evidence based approach NLP Coaching provides numerous case studies and real life examples which show how NLP assists personal professional team leadership and organizational development The book includes contributions from leaders in the field Andrew Bryant Michelle Duval Joseph O'Connor Paul Tosey and Lisa Wake **Foundations of Professional Coaching** James Gavin, 2022 Foundations of Professional Coaching is the essential guide to developing coaching skills that encourage lasting change in clients personal and professional lives Grounded in the International Coaching Federation's eight core competencies coaches will learn to create holistic coaching relationships **Coaching Researched** Jonathan Passmore, David Tee, 2020-11-23 A comprehensive review of the practice and most recent research on coaching Coaching Researched Using Coaching Psychology to Inform Your Research and Practice brings together in one authoritative volume a collection to the most noteworthy papers from the past 15 years from the journal International Coaching Psychology Review Firmly grounded in evidence based practice the writings are appropriate for the burgeoning number of coaching researchers

and practitioners in business health and education The contributors offer a scientific framework to support coaching pedagogy and they cover the sub specialties of the practice including executive health and life coaching The book provides a comparative analysis in order to differentiate coaching from other practices Comprehensive in scope the book covers a wide range of topics including the nature of coaching coaching theory insights from recent research a review of various coaching methods and thoughts on the future of coaching This important book Offers a collection of the most relevant research in the last 15 years with commentary from the International Coaching Psychology Review journal s chief editor Contains information on both the theory and practice of the profession Includes content on topics such as clients and coaching an integrated model of coaching evidence based life coaching and much more Presents insights on the future of coaching research Written for students researchers practitioners of coaching in all areas of practice Coaching Researched offers an accessible volume to the most current evidenced based practice and research Assessment, Testing, and Measurement Strategies in Global Higher Education Railean, Elena Aurel,2020-01-03 Teachers assist students in order to gain data and to determine whether the instructional objectives have been met Usually the assessment process takes place as part of ongoing learning and teaching periodically and at key transitions The term assessment refers to the wide variety of methods procedures and tools used to determine what students know learn and how they apply knowledge in concrete situations Assessment Testing and Measurement Strategies in Global Higher Education is a comprehensive synthesis of correlations between assessment testing and measurement in the context of global education It analyzes the impact of educational technology on learning analytics challenges of rapidly changing learning environments and computer based assessment Featuring an assortment of topics such as educational technologies risk management and metacognition this book is optimal for academicians higher education faculty deans performance evaluators practitioners curriculum designers researchers administrators and students A Guide to Third Generation Coaching Reinhard Stelter,2013-08-24 Third generation coaching proposes a form of dialogue where coach and coachee are focused on creating space for reflection through collaborative practices and less concerned with fabricating quick solutions Aspiring to achieve moments of symmetry between coach and coachee where their dialogue is driven by a strong emphasis on meaning making values aspirations and identity issues Coach and coachee meet as fellow humans in a genuine dialogue Marking a new trend in coaching based on the acknowledgement of changes in society learning and knowledge production as well as leadership while distinguishing itself from the existing models pop coaching GROW model etc Third generation coaching is based on a fresh analysis of our society a society that is characterized by diversification identity challenges abolition of the monopoly of knowledge lifelong learning and the necessity for self reflection Providing quality material to guide ambitious practitioners and high level coaching education programs in an accessible format A Guide to Third Generation Coaching advocates a revisited and innovative approach to coaching and coaching psychology advantageous for learners and practitioners alike by supporting

the reader as a reflective practitioner In this insightful book Reinhard Stelter takes coaching to a new level With its new perspective it will make an outstanding contribution to the field Prof Stephen Palmer Centre for Coaching London UK President of the International Society for Coaching Psychology ISCP This book is a wonderful contribution to further theoretical understanding and evidence based practice within Coaching and Coaching Psychology Reinhard provides us with a look at the foundations contributing to this field the benefit of his experience and learning and the evolution of thinking to our current state Whether you are a coach coaching psychologist leader manager or student you will find this an excellent resource to expand your thinking reflection exploration and learning on your journey Diane Brennan MBA MCC Past President International Coach Federation ICF in 2008 A thoughtful and wide ranging journey through the philosophy of coaching Professor Stelter brings positive psychology dialogue and narrative approaches together into a model of coaching designed to meet the needs of clients in today s world Dr Michael Cavanagh MClInPsy PhD Deputy Director Coaching Psychology Unit School of Psychology The University of Sydney *The Coaching Psychology Handbook: Integrating Psychological Theory, Practice and Research* Passmore, 2026-04-30 *Budget Request* Colorado. Judicial Branch, 2016
