

Album: Country Music Hall of Fame Series

Well I was born the coal miner's daughter in a cabin on a hill in Butcher
Holler

We were poor but we had love that's the one thing that daddy made sure of
He shovel coal to make a poor man's dollar

My daddy worked all night in the Vanleer coal mine all day long in the field
hoein' corn

Mommie rocked the baby that night and read the Bible by the coal oil light
And everything would start all over come break of morn

Daddy loved and raised eight kids on a miner's pay

Mommie scrubbed our clothes on a washboard everyday

Why I've seen her fingers bleed to complain there was no need

She's smiled in mommie's understanding way

In the summertime we didn't have shoes to wear

But in the wintertime we'd all get a brand new pair

From a mail order catalog money made by selling a hog

Daddy always managed to get the money somewhere

Yeah I'm proud to be a coal miner's daughter

I remember well the well where I drew water

The work we done was hard at night we'd sleep cause we were tired

I never thought I'd ever leave the Butcher Holler

But a lots of things have changed since the way back then

And it's so good to be back home again

Not much left but the floor nothing lives there anymore

Just the mem'ries of a coal miner's daughter

An exhaustive source for students and scholars of film history, film music, and popular culture, this book will be a valuable addition to all university and public libraries. *Work and Labor in American Popular Culture* Jason Russell, 2024-04-05

Crisis and decline in the working class were frequent themes in American popular culture during the 1970s. In contrast, more positive narratives about America's managerial and professional class appeared during the 1980s. Focusing on these two key decades, this book explores how portrayals of social class and associated work and labor issues, including gender and race, appeared in specific films, television shows, and music. Comparing and contrasting how forms of popular media portrayed both unionized and non-unionized workers, the book discusses how workers' perceptions of themselves were in turn shaped by messages conveyed through media. The book opens with an introduction which outlines the historical context of the immediate post-war period and the heightened social, political, and economic tension of the Cold War era. Three substantial chapters then explore film, television, and music in turn, looking at key works including *Star Wars*, *Coming Home*, *9 to 5*, *Good Times*, *The Mary Tyler Moore Show*, and the music of Bruce Springsteen and rap artists. Drawing on both primary and secondary sources, the book is principally situated within wider labor and working class history research and the relatively new history of capitalism historical sub-field. This book is vital reading for anyone interested in issues around labor and work in the media, labor history, and popular culture history during two key decades in modern American history.

A Resource Guide to Themes in Contemporary American Song Lyrics, 1950-1985 B. Lee Cooper, 1986-04-22

B. Lee Cooper offers a kaleidoscopic portrait of contemporary American society as it has been captured and transmitted in the lyrics of more than 3,000 popular recordings. By tracing the permutations of American popular music from the end of the Big Band/Swing Era through the Age of Rock, the author presents a thematically structured analysis of popular music lyrics from 1950 through 1985. Cooper divides his lucid commentaries and lists of songs into fifteen sections, each dealing with a particular social, political, or personal theme. In the brief essays that precede the lengthy discographic sections, the author explores the ways in which popular music has dealt with such issues as religion, death, education, youth, culture, transportation, mass media, protest, military activity, women's liberation, and drug use and abuse. An illustrative discography of 45 r.p.m. records follows each section of commentary. An extensive bibliography of books, articles, and special reports appears at the end of the volume, along with a selected discography of album-length recordings which supplements the extensive 45 r.p.m. listings.
