Coal Mining News Queensland:

Women of the Coal Rushes David Peetz, Georgina Murray, 2010 Think coal mining and most likely you think men This book tells a very different story Women have long been the backbone of the coal mining industry As wives and mothers theyve fought battles for better working conditions established womens auxiliaries distributed food to strikers and their families and stood on picket lines *Politics and Resistance of Coal in Australia and India* Ruchira Talukdar, 2025-01-31 Since 2009 international climate activism has focused on stopping coalmining in solidarity with local and Indigenous struggles that are resisting coalmining Based on ethnographic and historic research in Australia and India this book compares the politics and resistance to coal in the two countries particularly focusing on the time period between 2009 and 2018 and the case of the Carmichael coalmine in Queensland and the Mahan coalmine in central India This book shows differences and similarities in the political economy of coal and creates understanding about the significantly different imperatives and narratives of anti coal environmentalism in Australia and India Through the Stop Adani movement and its collaboration with the Wangan and Jagalingou Traditional Owners and farmers against coalmining in Queensland and Greenpeace and forest based communities resisting coalmining in Madhya Pradesh Ruchira Talukdar not only explores anti coal movement dynamics but also how these movements grapple with the violation of Indigenous land rights through coal extraction in both places Drawing on differences and patterns in Australian and Indian anti coal activisms this book proposes a global outlook an intersectional framework beyond the singularity of stopping coal that can encapsulate visions for secure futures of communities on the frontlines of fossil fuel struggles for climate activism The conclusions help to decolonize climate activism as well as make it cognizant of global North South contextual differences for effective solidarity The author s unique vantage point through experience in environmental activism over 20 years across Australia and India combined with research in both countries makes this book a crucial resource for scholars and practitioners in just transition climate politics and environmental activism across the global North and South **Gautam Adani** R.N. Bhaskar, 2022-11-07 Gautam Adani needs no introduction One of the richest men in the world he also helms a business empire that is now India s largest player in ports and renewable energy He is also the country s largest private sector player in sectors like airports city gas distribution power transmission thermal power edible oil and railway lines Yet look beyond these facts and startlingly little is known about Gautam Adani the maverick businessman about his motivations and vision about his life and the episodes minor and major that propelled him to make the choices he did This book sheds light on all that we have never known but should know about Gautam Adani It delves deep detailing a range of fascinating anecdotes from Gautam Adani s life illuminating his early childhood his initiation into business and the learnings and opportunities he exploited But beyond biography this book is committed to analysing those business strategies of Gautam Adani that have intrigued all It marries biography and business data storytelling and hard numbers Besides it has been authored by one of India s most senior journalists who has

long followed Gautam Adani's career Industrial & Mining Standard, 1910 *The Coal Truth* David Ritter, 2018-06-01 Since 2012 the fight to stop the opening of the vast Galilee coal basin has emerged as an iconic pivot of the Australian climate and environment movement The Coal Truth the fight to stop Adani defeat the big polluters and reclaim our democracy provides a timely and colourful contribution to one of the most important struggles in our national history over the future of the coal industry Written by an environmental insider with an eye on the world his daughters will inherit The Coal Truth is told with wit and verve drawing in other specialist voices to bring to life the contours of a contest that the people of Australia can't afford to lose Contributors include Tara Moss and Berndt Sellheim Adrian Burragubba Lesley Hughes John Quiggin Hilary Bambrick Ruchira Talukdar and Geoffrey Cousins Outstanding Endorsements As this crucial book shows us beyond all doubt there is no safe livable future that involves digging up more Australian coal But with the country's formidable movements fighting to keep that coal where it is David Ritter makes an irresistible case that few places are better suited to lead a just and democratic transition to the next economy Marshaling diverse voices and hard hitting arguments he shows us this promising future is well within our grasp An inspiring must read Naomi Klein author of No is Not Enough and This Changes Everything This is an important book because mining and selling coal cannot be part of Australia's future as a country Peter Doherty The Coal Truth has arrived at the exactly the right time for a country at the cross roads This intimate compelling and deeply layered reflection lays out what is at stake for Australians and the planet as a massive expansion of coal mining starting with the controversial Adani project threatens to turbo charge climate change Compulsory reading Peter Garrett We are smack bang in the middle of a defining moment in history The Coal Truth shows that we still have the chance to create something wonderful out of the crisis and leave no person behind in the process Get this book Damon Gameau *The Northwest Mining News*, 1909 **Engineering and Mining Journal**, 1889 *Mining and Metallurgy*, 1921 Environmental Pollution and the Media Glenn D. Hook, Libby Lester, Meng Ji, Kingsley Edney, Chris G. Pope, Luli van der Does-Ishikawa, 2017-04-07 This book offers a theoretically informed empirical investigation of national media reporting and political discourse on environmental issues in Australia China and Japan It illuminates the risks harms and responsibilities associated with climate change through an analysis of pollution adopting an interdisciplinary approach drawing on both the social sciences and humanities A particular strength of the work is the detailed analysis of the data using a range of both quantitative and qualitative techniques enabling the authors to reveal in rich and compelling detail the complex relationship between risk and responsibility in the climate change discourse The case studies of Australia China and Japan are set in the current literature as well as in the historical context of climate change in these three countries The analysis of the media discourse on the Great Barrier Reef in Australia demonstrates how the mining of coal for overseas markets has led to devastating harm to the life of the reef A critical discussion of the Chinese documentary Under the Dome shows how this medium has played a crucial role in building awareness of the harm from atmospheric pollution among the

citizens shaping attitudes and promoting action The first case study of Japan elucidates how cross border atmospheric pollution from China forges a chain of responsibility for responding to climate change running from the state to society The other case study of Japan demonstrates how smart cities have emerged as a way to mitigate the risks and harms of climate change The Conclusion draws together the similarities and differences in how climate change is addressed in the three countries In all Environmental Pollution and the Media Political Discourses of Risk and Responsibility in Australia China and Japan uncovers the dynamics of the triadic relationship among risk harm and climate change in Australia China and Japan By so doing the book makes an original and timely contribution to understanding comparative media discourse and political debates on climate change The Geological Record ,1888 A list of publications on geology mineralogy and pal ontology
