Christmas 1895 in St Louis an African American man named Lee Shelton whose nickname was Stack Lee shot and killed William Lyons in a dispute over seventy five cents and a hat Shelton was sent to prison until 1911 committed another murder upon his release and died in a prison hospital in 1912 Even during his lifetime songs were being written about Shelton and eventually 450 versions of his story would be recorded As the song you may know Shelton as Stagolee or Stagger Lee was shared and adapted the emotions of the time were preserved but the fact that the songs described real people real lives often fell by the wayside Polenberg returns us to the men and women who in song became legends The lyrics serve as valuable historical sources providing important information about what had happened why and what it all meant More important they reflect the character of American life and the pathos elicited by the musical memory of these common and troubled lives
