

Can Themba, the original author, penned this haunting tale in 1963. It revolves around the devastating punishment inflicted upon an adulterous wife named **Matilda** by her husband, **Philemon**. The central theme explores betrayal, morality, and the misuse of power.

However, the story has not remained static. Over time, other writers have reimagined and expanded upon it, adding new layers and perspectives. Here are some notable adaptations:

1. **Makhosazana Xaba** (2013) contributed significantly to the narrative. In her story "**Behind 'The Suit'**", she writes in epistolary form, with Philemon's dying male lover addressing his daughter. This queer perspective adds complexity to the original fable.
2. Xaba's second story, "**The Suit Continued: The Other Side**", is narrated by Matilda herself after her suicide. It delves into her affair with another woman and their plan to have a baby. These queer temporalities challenge traditional norms and contribute to postcolonial queer writing and reading.
3. **Siphiwo Mahala**, in his work published in 2011, also engages with the story. While Themba's original was set during apartheid, Mahala's context is nearly two decades after the abolition of that political system. His exploration of power relations and betrayal sheds light on the impact of historical oppression.

In summary, these adaptations deconstruct Themba's story, infusing it with feminist and queer narratives. They critique hetero-patriarchy, marriage, procreation, and the broader South African context.

Can Themba Terror In Trains
