Canadian Literary Fare Nathalie Cooke, Shelley Boyd, 2023-05-15 When writers place food in front of their characters who after all do not need sustenance they are asking readers to be alert to the meaning and implication of food choices As readers begin to listen closely to these cues they become attuned to increasingly layered stories about why it matters what foods are selected prepared served or shared and with whom where and when In Canadian Literary Fare Nathalie Cooke and Shelley Boyd explore food voices in a wide range of Canadian fiction drama and poetry drawing from their formational blog series with Alexia Moyer Thirteen short vignettes delve into metaphorical taste sensations telling of how single ingredients such as garlic or ginger or food items such as butter tarts or bannock can pack a hefty symbolic punch in literary contexts A
