Memoirs of a Seeing Woman BK Smith, 2015-07-31
MY NAME IS AMANDA FRENCH. My family name French, I believe, says it all. We the French women were born to wear elegant clothing and accessories, the finer brocades and silks, fluid and cool, raw dupioni and nubby shantung, the texture that is pure sex to the hand that appreciates it. All the women in my family have some sense of the future and will tell you what it holds, and even before I was sure what it was, I knew I had it, the power to see. My grandmother, a healer, could interpret the sky, predict weather patterns, upcoming anomalies, drought, that sort of thing. My sister, a read hands, tiny crooked lines leading up and down, front to back, thumb to wrist, are the roads she helps to navigate. My aunt could read dreams and tell an expectant mother the sex of her unborn baby. My great grandmother could heal troublesome ailments and call out evil spirits from the sick, the overlooked, and the cursed alike. And her mother, my great great grandmother, before her was known to associate with ghosts, the spirits that have passed over but not before promising to return and tell all which they did by channeling through her in different languages. Her sister, my great aunt, could tell you the day and time of your birth and the day and time of your death. Sometimes I know the future in my breast. Sometimes I see the future coming out like a picture show, images that seep into your head the way rainwater collects in a basement corner, gathering from no place in particular. More often, though, I see events in tea leaves, little bits of myself floating to the top of a shapely Spode china cup, tentatively dancing along the fragile gold leaf rim like your last memories in the few minutes before death. Often, as I would stare down into my tomorrow, wondering if I should drink the brew or run to the sink and pour it down the drain, I would often do the latter. It's not that a particular vision was so frightening or alien; I grew up, after all, with these gifted women around me, conversing with entities neither you nor I could see. It's just the memory of seeing trouble early in a courtship and remembering what it felt like, one lone tear snaking down my face and my words all square and neat as I told him, "I love you, but I see no future." Or I did see a future, and there was no happiness in it. But with this man, with Reed, I never saw a blessed thing. I never saw anything at all in the beginning. If I had it, it would have been as shocking. I'm sure, as seeing

blood on the moon I guess it's true what they say that you never see the bus that hits you Memoirs from the Veil Ronald W. Lawrence, 2018-10-10 Spirit in Everyday Life Ronald W. Lawrence began his career as a psychotherapist in 1988. Over the years he was gifted with a patient population that openly and willingly shared their spiritual and otherworldly experience that pierced the veil between this dimension and the next. He made notes and saved memories regarding their experiences and also remembered some of his own. Life can have a transdimensional nature. There can be more than one possibility. He noticed similar themes and subject matter and was amazed at the consistency of the narratives in a group of people who did not know one another or have interpersonal contact. His disappointment is that in psychology professions there is very little latitude and validation for such experiences in the human population. The professions themselves mostly reflect the possibility of one answer that is usually embodied in a diagnosis. Over the years it has become clear to Ronald that life can have a transdimensional nature. There can be more than one possibility.

America's Boy Wade Rouse, 2025-05-27 A revelatory story about acceptance, pride, and the many ways even a seemingly prejudiced family can surprise us by the bestselling author of *Magic Season*. The Washington Post Indie Next List Great Read Selection American Library Association's Inaugural Rainbow List Selection. In this memoir, writer and journalist Wade Rouse delivers a humorous and heartwarming account of his Midwestern childhood and coming of age as a gay man. Born in Granby, a small farm town in the southwest Missouri Ozarks, Wade was a fish out of water as long as he could remember or at least since he participated in his family's mock Miss America pageant when he was just five years old, clad in his grandmother's red whore heels and his mother's black and white polka dot bikini. Life didn't get easier in Wade's conservative hometown, especially after his older brother died just a month after Wade graduated junior high school. It was then that Wade buried his brother and his sexuality so his parents wouldn't mourn the loss of a second son. Finally, after years of a descent into obsessive compulsive behaviors and overeating, Wade was able to come out to himself, losing weight and gaining confidence until he had nothing left to hide. Filled with memories of happiness and heartbreak, *America's Boy* is both a quirky tribute to Rouse's rural Ozark family and an easily digestible homespun tale of a bygone era in Middle America. Time Out Chicago: A storyteller and a memoirist in the best sense of the words. Reading Rouse's memoir is more like sitting with a good friend and a cold beer, trading stories and remembering those things that may have been painful or tragic at the time but must now be respected for what they are. Metro Weekly.

Memoir Anthropological Survey of India, 1970 A Different Drummer Herb Wasserman, 2000 A book about being a jazz and commercial musician in New York and the author's run-ins with crooks, cops, drugs, stars, and sex. If he were famous, it would have no trouble selling a million copies. However, like the blurred picture, he is a famous unknown, an adventurous kid from Coney Island who managed to stumble into the world of music and make an original life for himself. After final training in England, the XX Corps landed on Utah Beach in Normandy on D 46. His unit was attached to General Patton's Third Army and spearheaded the drive across France through Germany and into Austria, where they met the Russian Army on V E Day. Schulz was awarded the Bronze Star medal when the war ended. He served in the Army of Occupation in Germany, then returned to the States and was discharged on December 1, 1945. He enrolled at the University of Wisconsin-Madison, taking advantage of the GI Bill of Rights and earning Bachelor's and Master's degrees in Business Administration.
