Casino Royale Cast Daniel Craig:

The Actors Who Could Have Been James Bond John Fox, 2021-11-18 The enduring success of the James Bond franchise has made the casting of a new Bond actor a very big deal in the film and entertainment industry. Tabloids and entertainment clickbait sites love nothing more than constantly speculating wrongly of course on who the next Bond actor might be. Taking on the part of James Bond is like playing the lead in Hamlet, Doctor Who, Sherlock Holmes or Batman. Others have played the part before you and others will play the part after you. Speculation about the next incumbent is therefore inevitable, unavoidable and endless. It is a constant background hum even when someone else actually has the part. More people have walked on the moon than played James Bond. Despite the longevity of the franchise, the Bond actors themselves remain a small and exclusive club. There are however dozens of actors who might potentially have played James Bond through the decades if only fate hadn't intervened. In the book which follows, we will leave no stone unturned in an attempt to find out how many potential Bond actors there have been since 1962. There is a fascinating alternative cinema universe where the Bond actors are completely different from the ones we ended up with in our own familiar movie dimension. In this book, we will explore what that alternative James Bond universe might plausibly have looked like. [Daniel Craig - The Biography](#) Sarah Marshall, 2011-11-07 From provocative choices like *The Mother* to his triumphant turn as Bond to the lead role in the hotly anticipated remake of *The Girl with the Dragon Tattoo*, the fully updated story of a supremely talented actor. He's gorgeous, tremendously talented, charming, and sexy. His breathtaking performance as the new James Bond won him legions of fans and proved that as well as being an outstanding actor, he could cut it as an action hero and redefine a cinematic icon to huge critical acclaim. This affectionate book reveals everything about this fascinating leading man: how he endured poverty-stricken years when he was first struggling to make it as an actor in London; how he rejected the trivial publicity that came when he started to make a name for himself; his relationships, including his marriage to a British actress with whom he has a daughter; plus his encounters with Sienna Miller and Kate Moss, and how he has handled the adulation that has come from his role as 007. The 2015 Bond title *Spectre* cost 250 million and grossed 881 million worldwide, and 2021's *No Time to Die* is certain to become another global blockbuster.
