I read this during hurricane Irma on my Kindle so I didn't care the power was out. It was very good. But made me hungry. Oh my goodness, I loved it. The murder mystery was so awesome I couldn't put this book down. Props to you again for another amazing read. I really enjoyed this book. Would make a great Hallmark movie. Another great story with Erin and her friends. Such a great series. Can't wait to see what happens next. I truly love this series. Another great cozy mystery with an intriguing plot. Another exciting addition to this series. So many great characters in this fun small town setting. You never know what is going to happen next.

Science and Technology of Enrobed and Filled Chocolate, Confectionery and Bakery Products Geoff Talbot, 2009-06-26. Enrobed and filled confectionery and bakery products such as praline style chocolates, confectionery bars and chocolate coated biscuits and ice creams are popular with consumers. The coating and filling can negatively affect product quality and shelf life but with the correct product design and manufacturing technology the characteristics of the end product can be much improved. This book provides a comprehensive overview of quality issues affecting enrobed and filled products and strategies to enhance product quality. Part one reviews the formulation of coatings and fillings with chapters on key topics such as chocolate manufacture, confectionery fats, compound coatings and fat and sugar based fillings. Product design issues such as oil moisture and ethanol migration and chocolate and filling rheology are the focus of Part two. Shelf life prediction and testing are also discussed. Part three then covers the latest ingredient preparation and manufacturing technology for optimum product quality. Chapters examine tempering, enrobing, chocolate panning, production of chocolate shells and deposition technology. With its experienced team of authors, *Science and Technology of Enrobed and Filled Chocolate, Confectionery and Bakery Products* is an essential purchase for professionals in the chocolate confectionery and bakery industries. Provides a comprehensive review of quality issues affecting enrobed and filled products. Reviews the formulation of coatings and fillings, addressing confectionery fats, compound coatings and sugar based fillings. Focuses on product design issues such as oil moisture and chocolate filling rheology.
