

## Summary

written in 2012 by Carl Hiaasen, *Chomps* is a young adult novel set in Hiaasen's native Florida (specifically, Everglades National Park). Hiaasen, who began his career as a journalist, is the author of six other books for young readers (as well as numerous adult novels). Because his work blends humor with grim realism, *Chomps* features characters who are just as "bizarre" as their Florida setting. Primarily known for his crime fiction, Hiaasen also writes stories that touch on themes of environmentalism, and he often satirizes American popular culture. His work has been longlisted for the National Book Award (2006, 2014), and his 2000 novel about was awarded the Kennedy Honor. Both *Hoot* and his 1996 crime novel *Sawtooth* have been adapted into feature films.

This guide refers to the 2012 lumber paperback edition of the novel.

**Content Warning:** Both the guide and its source text contain descriptions of domestic abuse, gun violence, hostage situations, alcohol abuse, and the mistreatment of animals.

### Pilot Summary

When wild animal wrangler Mickey Cray and his son, Wahoo, are hired by the reality TV show *Expedition Survival* to provide animals for its Everglades episode, Mickey's stubbornness and protective instincts further animals immediately cause conflict with Raven Stark, the show's producer, and Derek Badger, its pampered, egotistical star. However, because the Crays are deeply in debt, they have little choice but to accept the job. Filming begins in Mickey's homemade swamp, where the reckless Badger ignores Mickey's warnings and ends up atop a thrashing alligator on a log. When the footage turns out better than anyone expects, Badger orders filming moved to the Everglades to put the new back in reality TV, and Mickey's job description is expanded to "location guide."

Shortly before departing, Wahoo encounters a classmate, Tuna Gordon, in a Walmart parking lot. She has a black eye, and he and Mickey realize that she is the victim of domestic abuse. In order to protect her, they bring Tuna along on their Everglades adventure. As the crew nails down the logistics—renting airboats, scouting locations, and setting up camp—Mickey does his best to tolerate Badger's obnoxious behavior, but his contrarian streak nearly loses them the job several times. Wahoo is forced into the role of diplomat, acting as liaison between his father and the production crew. Tuna, a big fan of *Expedition Survival*, is soon disappointed
