Completely revised and updated for the postmodern age So What's the Difference gives you easy to understand nonjudgmental answers to the question How does orthodox biblical Christianity differ from other faiths Here Fritz Ridenour explains the basic tenets of Protestantism Roman Catholicism Eastern Orthodoxy Judaism Islam Hinduism Buddhism Jehovah's Witnesses Christian Science New Age Mormonism and other religions and belief systems of the world You will also learn why relative thinking the idea that there is no objective absolute truth has become the predominant mindset in our culture and how you can respond This bestselling guide will help you recognize the real differences between the Christian faith and other viewpoints and make it easier for you to explain and share your faith with others      Pathways to God Dr. Robert Newton, 2012-04-09 Many people profess a belief in the existence of God but very few of us are aware of the biofeedback mechanisms in the body that allow us to verify and experience our Creator Dr Newton systematically takes us through self induced methods of experiencing God through mental and vocal practices subliminal and neuro linguistic programming toning singing and chanting mantras color therapy breathing techniques postures and movements energy vortexes experiencing nature and endorphins Dr Newton reveals devices and objects that magnify your connection to the Creator including Pyramids crystals and gemstones Magnets and precious metals Lasers and psychotronic devices Brain entrainment devices All of these cause bodily relaxation which reveal the presence of God through electromagnetic phenomena This book is especially valuable for energy crystal healers      *Integrative Medicine* Kathleen Phalen, 2012-02-21 Integrative Medicine seamlessly blends Eastern and Western medical traditions into an informative and readable resource Author Kathleen Phelan brings her skills as an investigative reporter and her experience as a medical writer to bear in a tour de force part history part story part resource for any reader seriously interested in his or her own well being and in the future of medicine and medical treatment in this country Once considered alternative Eastern medicine has gained widespread acceptance by the general public but it is the blending or integration of Eastern healing with Western medicine that is now commanding the attention of the medical community Dating the birth of integrative medicine to 1971 when James Reston brought the concept of acupuncture and Chinese herbs to America's shores Phelan traces a movement that's grown into a 15 billion dollar industry in a generation Through interviews with Eastern and Western practitioners and their clients she puts a human face on the crisis of medical care in our time With extensive detail she recounts the history of both Eastern and Western medicine presenting the best and sometimes exposing the myths of both ancient cures and current high tech methods      *The World of Shamanism* Roger N. Walsh, 2007 This objective exploration of shamanism and its place in contemporary life leaves no stone unturned as Dr Walsh examines shamanistic traditions throughout history and how they intersect with modern psychology and metaphysical studies      *Wellness East & West* Kathleen F.
