Can Christian Couple Manual Stimulation:

Christian Marriage Companion Dr. Sunny Uwadiae, 2012-08-20 Christian Marriage Companion is one of the most comprehensive and authoritative books on the biblical model of marriage and family. It is a blueprint on what an ideal Christian marriage is and how to achieve it. It exhaustively explains the ordinance and covenant of marriage, its central and peripheral purposes, role relationships of man and wife, how to push beyond intimacy into marital unity, hindrances to a happy marriage, how to resolve conflicts, and how to achieve a blissful Christian marriage. It fully examines issues such as same sex marriage, oral sex, use of sex toys, pornography, masturbation, divorce, remarriage, effective communication, forgiveness, adultery, and active listening. With over 300 Bible references and real life examples from marital counselling sessions, the book covers virtually all the knowledge and skills for making a Christian marriage a true success. It is a manual covering all that a person needs to know to bring full healing to their marriage, making the book a veritable alternative to face to face counselling. It reveals striking truths about Christian marriage that will be extremely hard to find elsewhere. These include an in depth analysis of the marriage proclamation, the idea that emotional and spiritual education is the central purpose of marriage, the idea of spiritual divorce, and the idea that Christian marriages aim at a deeper than intimate relationship. Christian Marriage Companion is the kind of book you simply place on the shelf for your spouse to read in their own time. They will find it absolutely compelling to read. As they do so, only the stone hearted will resist being reformed by it. Newlywed couples and those looking to improve their marriage would find this book most useful. Although it was written specifically for Christian couples of all denominations, it has great potentials for positively impacting the marriages of non Christians who read it with open minds. The Christian marriage ideals it teaches are unsurpassable and altruistic. **The Routledge**

Deadly Doctrine Wendell Watters, 1992-12 The Christian religion presents itself as the way to contentment spiritual health and salvation But is this really true Dr Wendell Watters offers a powerful argument based on his many years of clinical experience with individuals couples and families that Christianity's influence actually militates against human development in such vital areas as self esteem sexuality and social interactions The tragic end result of Christian conditioning is too often antisocial behavior sexual dysfunction poor psychological development anxiety and even major psychiatric illness Christian indoctrination is not simply a problem affecting individuals or single families the noxious effects of its teachings over nearly two millennia pervade society at large even those who are not Christians and in ways that seriously undermine human welfare and the quality of life Christianity's aggressive pronatalist policies have encouraged large families despite parents inability to cope either emotionally or financially With this the Christian church has formulated rigid sexual roles forbidding all practices not leading directly to conception By actually promoting sexual ignorance and irresponsibility Christianity has allowed the proliferation of such social ills as rape child molestation and pornography In the face of so much human suffering resulting from Christian doctrine it is imperative that health care professionals recognizing the Christian belief system as an addictive disease develop a religious status examination to help evaluate how notions about life derived from Christian god talk compromise individuals healthy functioning In failing to determine the role of oppressive religious beliefs in mental illness physicians and other health care workers actually promote Christianity's continued stranglehold on human happiness and self fulfillment
