

Canon A1200 Manual

Fredericus Theodorus Visser

Canon A1200 Manual:

An Historical Syntax of the English Language F.Th. Visser, 2023-05-08 Frederik Theodor Visser's *An Historical Syntax of the English Language* published in four massive volumes between 1963 and 1973 is certainly one of the cornerstones of research in English linguistics. Visser's achievements can hardly be overestimated. Before the advent of modern corpus linguistics, he compiled a remarkable wealth of detailed philological data from all periods of English and combined this with current grammatical analyses of his time. This has made this publication an indispensable resource for anyone investigating the history of English syntax. This reproduction of Visser's volumes is more than welcome and timely as the volumes have been out of print for quite some time and were sometimes a little bit difficult to navigate. Having a searchable and easy to use online version, although maybe not perfect, available now means a revival for scholarship that celebrates its fiftieth birthday without losing any of its relevance.
