

Join Diabetes Case Conferences

Let's work together to share the care of patients living with Type 2 Diabetes

Western Sydney Diabetes (WSD) is inviting you as a General Practitioner in the Western Sydney Local Health District to join us on the Virtual Care platform when you refer a patient for better management of type 2 diabetes.

This brochure explains:

- Why we need to work together
- How to refer your patient
- Consulting together: How it works
- The benefits of working with the WSD team
- FAQs

"These case conferences have improved our patients' diabetes management remarkably and given me and them both a well-defined management plan."

It is very encouraging to be working alongside with the specialist team and being present at the specialist consultation makes the ongoing follow up very easy – much better than private specialist consults.

A big thank you Prof Maberly and team. All specialists, registrars and diabetes educators are equally good and kind."

– DR SUNIMALEE FERNANDO, Quakers Hill Family Practice

into primary and community care To provide effective care for these conditions services have to be maintained across all settings from support in the home through to acute specialist care and many conditions will continue to require specialist services delivered in hospital Effective management of long term conditions also requires collaboration with other government providers such as housing and transport services **Medical and Professional Woman's Journal** ,1924
