Here 20 essays expose strategies the Harris government has previously hidden from view. Using criticism, commentary and transcripts of government seminars, *Alien Invasion* reveals the techniques that a group of whiz kids working for the Harris government have used to turn Ontario into a laboratory to test the theories of economists who seek greater powers for corporations by equating capitalism with freedom. In the course of restructuring Ontario in this new way, they have even succeeded in manipulating Ontarians to act against their own interests. Desiring Canada Patricia Cormack, James F.
