[The Routledge Handbook of English Language and Digital Humanities](#) Svenja Adolphs,Dawn Knight,2020-04-16 The Routledge Handbook of English Language and Digital Humanities serves as a reference point for key developments related to the ways in which the digital turn has shaped the study of the English language and of how the resulting methodological approaches have permeated other disciplines It draws on modern linguistics and discourse analysis for its analytical methods and applies these approaches to the exploration and theorisation of issues within the humanities Divided into three sections

this handbook covers sources and corpora analytical approaches English language at the interface with other areas of research in the digital humanities In covering these areas more traditional approaches and methodologies in the humanities are recast and research challenges are re framed through the lens of the digital The essays in this volume highlight the opportunities for new questions to be asked and long standing questions to be reconsidered when drawing on the digital in humanities research This is a ground breaking collection of essays offering incisive and essential reading for anyone with an interest in the English language and digital humanities *The Literary Review* ,2012 *Images of Montenegro in Anglo-American Creative Writing and Film* Neil Diamond,Marija Knežević,2017-01-06 This book observes images of Montenegro in Anglo American creative writing and films from the late eighteenth century until 2016 Like the Balkans as a whole Montenegro usually reappeared in the West s consciousness with the outbreak of wars but remained marginalized on the larger Balkan map because of its peripheral political influence and therefore remained little known In the past Montenegro was experienced as almost unapproachable barren and wild Its people like their mountains were seen as massive and fierce while their primitivism equally delighted and repulsed visitors Even today when one searches the Internet for Montenegro one finds titles mostly containing modifiers circling around undiscovered magical and mysterious The book follows these vignettes chronologically to point out how the rhetoric they share dangerously builds a caricature of the country However they also provide a very lively mosaic of landscapes history people their costumes houses and everyday life which are sometimes distorted No one can claim that these descriptions were not influenced by the ideologies the travellers inherited at home and were not filtered through their own cultural grids but significantly they evoke places that are now forever lost destroyed in wars by earthquakes faulty development planning or simply by time *American More! Six-Level Edition Level 4 Combo with Audio CD/CD-ROM* Herbert Puchta,Jeff Stranks,Günter Gerngross,Christian Holzmann,Peter Lewis-Jones,2011-05-26 American MORE Six Level Edition is a version of a course from a highly respected author team that s bursting with features for lower secondary students Key language for each unit is introduced in a photostory and put to use through the Language Focus There is thorough coverage of grammar via a dedicated section in each unit The Learn MORE through English pages introduce cross curricular learning CLIL while the Learn MORE about Culture sections explore English speaking countries Students learn to Read MORE for pleasure with the extra reading pages and the Audio CD CD ROM enables students to practice vocabulary grammar and skills The Combo contains the Student s Book and Workbook material together providing 50 60 class hours of material **Rare Book Review** ,2008-02 *Encounter* ,1965 **Writing with Confidence** James W.
