Chetail, 2025-07-15 This Concise Encyclopedia provides a comprehensive overview of the rapidly developing field of migration and asylum law It brings clarity on key terms and critical notions while challenging misconceptions in this highly politicized sphere *The Socio-Political Practice of Human Rights* Kiran Kaur Grewal, 2016-06-23 This book examines discourses of rights and practices of resistance in post conflict societies exploring the interaction between the international human rights framework and different actors seeking political and social change Presenting detailed new case studies from Sierra Leone Sri Lanka and Kosovo it reveals the necessity of social scientific interventions in the field of human rights The author shows how a shift away from the realm of normative political or legal theory towards a more sociological analysis promises a better understanding of both the limits of current human rights approaches and possible sites of potential

Considering the diverse ways in which human rights are enacted and mobilised *The Socio Political Practice of Human Rights* engages with major sites of tension and debate examining the question of whether human rights are universal or culturally relative their relationship to forms of economic and political domination the role of law as a mechanism for social change and the ways in which the language of human rights facilitates or closes sites of radical resistance By situating these debates in specific contexts this book concludes by proposing new ways of theorizing human rights Empirically grounded and offering an alternate framework for understanding the fluid and ambiguous operation of power within the theory and practice of human rights this volume will appeal to scholars of sociology law and politics with interests in gender resistance international law human rights and socio legal discourse *The Routledge Handbook of Language and Politics* Ruth Wodak, Bernhard Forchtner, 2017-08-23 The Routledge Handbook of Language and Politics provides a comprehensive overview of this important and dynamic area of study and research Language is indispensable to initiating justifying legitimatising and coordinating action as well as negotiating conflict and as such is intrinsically linked to the area of politics With 45 chapters written by leading scholars from around the world this Handbook covers the following key areas Overviews of the most influential theoretical approaches including Bourdieu Foucault Habermas and Marx Methodological approaches to language and politics covering among others content analysis conversation analysis multimodal analysis and narrative analysis Genres of political action from speech making and policy to national anthems and billboards Cutting edge case studies about hot topic socio political phenomena such as ageing social class gendered politics and populism The Routledge Handbook of Language and Politics is a vibrant survey of this key field and is essential reading for advanced students and researchers studying language and politics **Governing Europe's spaces** Caitriona Carter, Martin Lawn, 2015-07-20 What do we imagine when we imagine Europe and the European Union To what extent is our understanding of the EU of its development its policies and its working processes shaped by unacknowledged assumptions about what Europe really is The book constructs a case for re imagining Europe not as an entity in Brussels or a series of fixed relations but as a simultaneously real and imagined space of action which exists to the extent that Europeans and others act in and on it This Europe is constantly being made in particular spaces through specific actor struggles whose interconnections are often ill defined We ask how do those concerned with building Europe with extending and elaborating the EU think of where they are and what they are doing The book captures Europeans in the process of making Europe of performing interpreting modelling referencing consulting measuring and de politicising Europe *Subject Guide to Books in Print* ,1983 *Sustainable Groundwater Development for Improved Livelihoods in Sub-Saharan Africa* Paul Pavelic, Karen G. Villholth, Shilp Verma, 2023-05-08 This book provides a comprehensive analysis of the benefits and challenges of intensifying groundwater irrigation in Sub Saharan Africa SSA for improving smallholder agrarian livelihoods Only about 3% of the groundwater resources of Sub Saharan Africa are used for irrigated agriculture despite the subcontinent s relative abundance of

groundwater The majority of the region s smallholders are highly dependent on seasonal dryland cropping making them extremely vulnerable to uncertain weather patterns and droughts Improved irrigation capabilities through sustainable groundwater development could unleash smallholder farming and make it a major driver of economic growth poverty reduction climate resilience and improved food security So why is groundwater so underused Tapping into groundwater requires a major shift in farming practices and it has its own challenges and requirements smallholder access to land and finance for irrigation infrastructure and equipment gendered and equitable adoption options This whole list is framed in terms of what the smallholder farmers need Hence this should also be put in this context supply chains energy access resource availability and institutional support The chapters in this book present a picture that is not only heterogeneous across the region but also hold some common denominators They serve to enrich the discourse and help better understand the barriers along the pathways toward the sustainable and transformative adoption of groundwater irrigation The scientific information provided herein would be of interest to researchers practitioners decision makers and planners with interest in the region This book was originally published as a Special Issue of Water International journal *Scientific and Technical Books and Serials in Print* ,1984 The Library of Congress Main Reading Room Reference Collection Subject Catalog Library of Congress,1975 **How Social Movements Imagine** Bobby Luthra Sinha,2024-08-30 This book examines how micro contextual issues inspire collective social action forms against everyday situations of crises and crimes through an inter disciplinary ethnographic and comparative research conducted among Bishnois and Indian South Africans Exploring the role of the publics that practise and mobilise their social movement imaginations the work delves into peoples ability to move beyond their immediate contexts and politicise multiple social spaces and discursive spheres around them to project their causes Mapping an anti poaching movement spearheaded by the Bishnois of Western Rajasthan in India and an anti substance abuse movement led by the historical Indian diaspora of South Africa the author argues that such contemporary forms of organised social action replete with alternative frames symbols and repertoires possess key requisites to be understood as the Newer Social Movements of the Global South The volume will be of great interest to scholars and researchers of social and protest movements migration and diaspora studies political science social anthropology and ethnography **F & S Index International: Industries, Countries, Companies** ,1977 Also available in BUS on CD ROM F S index plus text international call HD1010 F22 *Books in Print Supplement* ,1984 *National Library Service Cumulative Book Review Index, 1905-1974: Authors.
