Once you've placed those dots down you can't erase them or cover them over so Pointillism can be very demanding when it comes to accuracy. This book lists all the pieces of artwork I created during the year. Some are successful while others are total disasters. I want this book to be a reference work for budding artists and art lovers alike to learn from my mistakes and benefit from my successes. If you're not an artist but you like art then I hope you find something in here that brings joy to your heart.
