From Sinai to Rome Angela Costley, Gavin D'Costa, 2025-08-29 Can you be a Jewish Catholic At first glance the idea could seem scandalous Catholics affirm that Jesus is the Messiah Jews do not Jews hold that the Torah's precepts should be diligently kept Catholic Christians hold that Christ has fulfilled the law Can they really be reconciled Yet Jesus a Jew tells us that salvation comes from the Jews Jn 4 22 Pope Pius XII once remarked Spiritually we Catholics are all Semites In a sense Christians are Jews by adoption as Saint Paul writes to the Romans Since the days of Peter and Paul the Church has struggled to understand her close yet complex relationship with the people from whom she came at times stressing stark differences at times treasuring their close brotherhood This essential collection by Professors Angela Costley and Gavin D Costa examines the question of Jewish Catholic relations from every angle With contributions from some of the Church's greatest theological minds Scott Hahn Brant Pitre Bruce Marshall Roy Schoeman Robert Fastiggi Lawrence Feingold Fr Antoine Levy and Fr David Neuhaus *From Sinai to Rome* probes the possibility of Hebrew Catholicism which nurtures its Old Covenant roots from within the Church This book refuses to shy away from historical knots in Catholic and Jewish relations but seeks to understand them thoroughly in the context of the sacred Catholic tradition This timely volume gives intellectual grounds for the hope that Jews might find their true homeland in Christ with the holy Church that he himself founded **KEY POINTS** A rigorous study of the rich relationship between Judaism and Catholicism An in depth account of the Church's Old Testament roots An honest focused summary of the Church's complex history with Jewish practice A robust exploration Th of a possible Hebrew liturgical rite within the Church

Measures of Spirituality/Religiosity (2018) Arndt Büssing, 2019-04-30 The interest in the topic of spirituality as a more or less independent dimension of quality of life is continuously growing and research questions are beginning to change as the field of religiosity changes becoming more diverse and pluralistic Addressing new topics in health research also relies on standardized questionnaires The number of instruments intended to measure specific aspects of spirituality is growing and it is particularly difficult to evaluate the new instruments This Special Issue will focus on some of the established instruments updating them to different languages and cultures but will also describe the features and intentions of newly developed instruments which may potentially be used in larger studies to develop knowledge relevant to spiritual care and practice This Special Issue will serve as a resource on the instruments used to study the wide range of organized religiosity the individual experience of the divine and an open approach in the search for meaning and purpose in life
