Jaswal, Desiree Forsythe, 2024-09-24 Research demonstrates that STEM disciplines perpetuate a history of exclusion particularly for students with marginalized identities This poses problems particularly when science permeates every aspect of contemporary American life Institutions repeated failures to disrupt systemic oppression in STEM has led to a mostly white cisgender and male scientific workforce replete with implicit and or explicit biases Education holds one pathway to disrupt systemic linkages of STEM oppression from society to the classroom Maintaining views on science as inherently objective isolates it from the world in which it is performed STEM education must move beyond the transactional approaches to transformative environments manifesting respect for students social and educational capital We must create a STEM environment in which students with marginalized identities feel respected listened to and valued We must assist students in understanding how their positionality privilege and power both historically and currently impacts their meaning making and understanding of STEM Complete Guide to American Colleges and Universities, 1983 **Improving Teaching, Learning, Equity, and Success in Gateway Courses** Andrew K. Koch, 2018-01-22 As long as there have been U S colleges

and universities there have been entry courses that pose difficulties for students courses that have served more as weeding out rather than gearing up experiences for undergraduates This volume makes the case that the weed out dynamic is no longer acceptable if it ever was Contemporary postsecondary education is characterized by vastly expanded access for historically underserved populations of students and this new level of access is coupled with increased scrutiny of retention and graduation outcomes Chapters in this volume define and explore issues in gateway courses and provide various examples of how to improve teaching learning and outcomes in these foundational components of the undergraduate experience This is the 180th volume of the Jossey Bass quarterly report series New Directions for Higher Education Addressed to presidents vice presidents deans and other higher education decision makers on all kinds of campuses it provides timely information and authoritative advice about major issues and administrative problems confronting every institution

Lovejoy's College Guide ,1993 Gaps and the Creation of Ideas Judith Seligson,2021-03-08 Gaps and the Creation of Ideas An Artist s Book is a portrait of the space between things whether they be neurons quotations comic book frames or fragments in a collage This twenty year project is an artist s book that juxtaposes quotations and images from hundreds of artists and writers with the author s own thoughts Using Adobe InDesign for composition and layout the author has structured the book to show analogies among disparate texts and images There have always been gaps but a focus on the space between things is virtually synonymous with modernity Often characterized as a break modernity is a story of gaps Around 1900 many independent strands of gap thought and experience interacted and interwove more intricately Atoms textiles theories women Jews collage poetry patchwork and music figure prominently in these strands The gap is a ubiquitous phenomenon that crosses the boundaries of neuroscience rabbinic thinking modern literary criticism art popular culture and the structure of matter This book explores many subjects but it is ultimately a work of art
