Secondary Schools Margaret Johnstone,Pamela Munn,1992 A study was conducted to obtain an overall picture of discipline problems in Scottish secondary schools In particular the study sought to clarify what teachers counted as a discipline problem how Scottish views related to views in England and Wales the headteacher s role and how discipline related to other managerial tasks A questionnaire was sent to 112 schools with approximately 10 teachers per school asked to complete it The total sample was 1 011 teachers A supplementary survey was done 6 months later of all secondary school headteachers in the state sector in Scotland Key findings include the following 1 teachers viewed the issue of discipline as central 2 teachers were willing to consider and to propose solutions and 3 good discipline and a happy school required joint and concerted effort of all the staff Generally analysis of the responses indicated two opposing views 1 that school and society were out of step and that discipline would be improved if society could be changed and 2 that negotiation over discipline was possible Further the study findings suggest that there are no easy solutions many schools are trying hard and a pool of skills and knowledge exists Included are a technical appendix 30 tables and 8 references JB **Transition Tasks for Common**

Core State Standards, Mathematics, Grade 8 Wa Ch,2011-04-01 Supporting students and teachers moving toward Common Core State Standards The move to Common Core State Math Standards represents two significant transitions for teachers and students First the new standards identify rigorous mathematics content that often exceeds previous expectations Second the vision for the Common Core encompasses a series of Mathematical Practices that include skills processes and attitudes that can only be developed through extensive experience with skillfully facilitated problem solving and effective discourse To facilitate these TRANSITIONS Walch Education has developed this collection of problem solving tasks that target the new content and embody the new practices Request a free task These 9 tasks will help you to infuse existing curriculum with both the content and the practices of the Common Core and support problem based teaching and learning Each task takes only 20 30 minutes for students to complete with another 10 20 minute debrief to enhance reasoning and communication and to crystallize understanding For the teacher background information and implementation suggestions links to relevant resources content and research a series of suggested questions to encourage problem solving reflection and discourse guiding rather than leading students For the students a meaningful context that may transcend
