Global Value Chains Renu Agarwal, Christopher Bajada, Roy Green, Katrina Skellern, 2021-09-30 This Companion provides a review of global value chains GVCs and the megatrends that are shaping them and will continue to reshape them in deep set trajectories of change over the next few decades Megatrends herald both challenges and opportunities With the growing interest among business leaders and researchers in GVCs this is a reference work which fills a gap in current literature by focusing on the new features of GVCs including the shift of global purchasing power towards developing economies the significance of emerging technologies and data analytics the increasing tensions between globalisation and de globalisation and the role of micro multinationals start up entrepreneurs the public sector and middle markets in a fast changing global economy The early chapters are essentially intradisciplinary in character with the first seeking to explore some historical aspects of GVCs Subsequent chapters cover the theory and practice of operations and supply chain management emerging supply chain technologies and the impact of inter firm collaboration across sectors and economies The final chapters take a more interdisciplinary approach and examine topics at the interface of GVCs with the economy society culture and politics This comprehensive handbook provides a timely analysis of leading edge global megatrends and practices in one volume

Australia's Cash Economy: A Troubling Issue for Policymakers Christopher Bajada, 2017-11-22 This title was first published in 2002 Very little is known on the Australian underground economy Only speculation has offered estimates of its size around ten per cent of GDP This book provides comprehensive research on the topic for Australia including the suggestion that the underground economy exhibits strong fluctuations The text has three central objectives to understand why a suspiciously large amount of currency remains outstanding and cannot be explained by legitimate transactions alone Secondly to examine factors that motivate individuals to participate in the underground economy and the consequences they may have on the business cycle on the quality of the National Accounts and on taxation revenue And finally to examine whether households or businesses are contributing most to the underground economy and whether the new tax system

introduced in July 2000 will have any impact on underground activities in Australia **Australian Books in Print** ,1992
