

COMMUNICATIVE SKILLS

WARM UP

- Students make a line to form two groups (depends on number of students).
- Some words will be whispered to sts at the end of the line. Students will have to whisper the words to the student next to them and so on (Chinese whisper).
- The st at the front of the line will write the whispered words on the blackboard.

Words:

mountains
visiting
watching

swimming
playing
beach

going
city
climbing up

climbing
hiking
listening

Sts will continue working in groups of five. Each group will be given a set of cards (see appendix one).

- A student from group A takes a card and reads it without showing it to anyone else. The student will mime the action to her/his group. Each group will have three tries. If the group doesn't guess, the other group will have a chance to guess.
- The group with more cards guessed wins.

MAIN ACTIVITY.

1. Students will be asked the relation between the words they have just mimed and the words: mountains, city, beach (activities done in beach, mountains and city).
2. Students get in pairs.
3. Cards with actions (see appendix one) will be posted around the classroom.
4. Students will be told that a friend from other country is going to visit them. Students will be asked to agree which place they are going to take their friend to and what activities they are going to do. Only four activities can be chosen.
5. Students will give reasons why they chose the place and the activities.
6. Students will plan the activities for a four day visit.
6. Teachers will share their information with another pair.

POST ACTIVITY.

1. After students have finished sharing information, they will be given a sample letter.
2. Students will write an informal letter to their friend, explaining where they are going to go and what places they are going to visit.

The linguistic aim of this activity is: "going to" for future plans.
