The Case Interview Workbook contains 60 case questions for management consulting interviews with complete solutions. Every case is compiled and edited by a team of ex-consultants from McKinsey Company, the Boston Consulting Group, and Bain Company. This book fills the gap left by others by providing you with plenty of high-quality cases to practice on before your interview. Many cases are from actual interviews at the top-tier firms and cannot be found elsewhere. After working through this book, you will be prepared for every type of case question you may encounter: market sizing, estimation, operations, industry analysis, pricing, growth strategy, marketing, investment, M/A, market entry, customer segmentation, profitability, valuation, logic, issue identification, cost analysis, market expansion, and brainteasers to name a few. These cases will help you prepare for interviews at leading management consulting firms including McKinsey Company, The Boston Consulting Group, Bain Company, Oliver Wyman Strategy, formerly Booz Company, A.T. Kearney, Roland Berger, and L.E.K., as well as for consulting roles at large firms such as Accenture, Deloitte, PwC, EY, and KPMG. Note that this is a workbook designed to complement other preparation books. You will have a hard time solving these cases without learning first elsewhere how to do so, e.g., which frameworks to use, how to use them, and how to structure a solution.
