Intro to Speleology & Paleontology Parent Lesson Plan ,2013-08-01 Introduction to Speleology and Paleontology
Course Description This is the suggested course sequence that allows one core area of science to be studied per semester
You can change the sequence of the semesters per the needs or interests of your student materials for each semester are
independent of one another to allow flexibility Semester 1 Speleology Explore deep into the hidden wonders beneath the
surface as cave expert Dr Emil Silvestru takes you on an illuminating and educational journey through the mysterious world
of caves Discover the beautiful thriving ecology unique animals and fragile balance of this little seen ecosystem in caves from
around the globe The Cave Book will teach you about a creationary model for how caves form a history of how caves have
been used by humans for shelter and worship how old caves really are the surprising world of Neanderthals and their
connection to modern humans how to make a stone axe and about early tools just how long it really takes for cave formations
to form unusual animals that make caves their home examples of how connected caves are to mythology of many cultures the
climate and geologic processes and features of caves and karst rocks the process by which ice caves form exploration
hazards and record setting caves how caves form and features above and below the surface Filled with beautiful and

fascinating color photos of caves from around the world The Cave Book is a wonderful guide to this hidden world of wonderful Enjoy learning on your journey of exploration into these exciting and mysterious places underground Semester 2 Paleontology Fossils have fascinated humans for centuries From the smallest diatoms to the largest dinosaurs finding a fossil is an exciting and rewarding experience But where did they come from and how long have they been around These and many other questions are answered in this remarkable book The Fossil Book will teach you about the origin of fossils how to start your own fossil collection what kinds of fossils can be commonly found the age of fossils how scientists find and preserve fossils how to identify kinds of fossils how the Flood affected fossil formation the Geologic Column Diagram the difference between evolutionists and creationists views on fossils the four Cs of biblical creation the different kinds of rocks fossils are found in coal and oil formation Learning about fossils their origins and how to collect them can be both fun and educational The abundance of both marine and land fossils and the locations they are found in is a fascinating subject for students of all ages and has been studied by scientists and layperson alike for many years

Life Science (Teacher Guide) Dr. Carl Werner, 2018-05-17 Chapter Discussion Question Teachers are encouraged to participate with the student as they complete the discussion questions The purpose of the Chapter Purpose section is to introduce the chapter to the student The Discussion Questions are meant to be thought provoking The student may not know the answers but should answer with their thoughts ideas and knowledge of the subject using sound reasoning and logic They should study the answers and compare them with their own thoughts We recommend the teacher discuss the questions the student s answers and the correct answers with the student This section should not be used for grading purposes DVD Each DVD is watched in its entirety to familiarize the student with each book in the course They will watch it again as a summary as they complete each book Students may also use the DVD for review as needed as they complete each chapter of the course Chapter Worksheets The worksheets are foundational to helping the student learn the material and come to a deeper understanding of the concepts presented Often the student will compare what we should find in the fossil record and in living creatures if evolution were true with what we actually find This comparison clearly shows evolution is an empty theory simply based on the evidence God s Word can be trusted and displayed both in the fossil record and in living creatures Tests and Exams There is a test for each chapter sectional exams and a comprehensive final exam for each book
