Enabling Mobile Apps with IBM Worklight Application Center

Megan Irvine, Jason Maddocks, IBM Redbooks, 2013-06-11 IBM Worklight Application Center is an enterprise application store. It allows you to install, configure and administer a repository of mobile applications for use by individuals and groups within your enterprise or organization. It is built on top of the IBM MobileFirst Platform and the IBM Worklight mobile application platform that enables you to develop, deploy and manage mobile applications. This IBM Redpaper™ publication provides detailed step by step guidance on how to install, configure and use Worklight Application Center. It provides instructions for installing mobile applications/apps into Application Center and for browsing, installing and rating those apps through the mobile client running on an Android, iOS or BlackBerry smartphone. This paper also positions Application Center next to the Enterprise App Management component of IBM Endpoint Manager for Mobile Devices and describes how to integrate the two solutions. This IBM Redpaper is of interest to those who are looking to understand, implement or use an application store in their own enterprise.
