J.

Trebilcock,Ronald J. Daniels,2009-01-01 Rule of Law Reform and Development stands out as an important contribution Michael Trebilcock and Ronald Daniels have produced an ambitious comprehensive and persuasive book that will be of interest to both rule of law practitioners and academics the book s overall strengths as a near encyclopaedic appraisal of law and development will ensure its standing as a key resource for this still rapidly evolving field Irina Ceric Canadian Journal of

Law and Society This book offers a sophisticated yet pragmatic account of the proper purposes of rule of law reform the obstacles to achieving it and the role that the international community can play The procedural conception of the rule of law offers an appealing alternative to both one size fits all universalism on the one hand and unconstrained relativism on the other Kevin Davis New York University School of Law US This is the book that I have been waiting for Even though rule of law has become the new mantra in development its meaning remains elusive and its operational content unclear This book helps us think systematically about it Grounded in a procedural conceptualization of the rule of law and supported by detailed case studies Trebilcock and Daniels analysis lays out a theoretically sophisticated yet practical agenda for making progress with rule of law reforms Dani Rodrik Harvard University US This is a book on the role of legal institutions in economic development that is rich in institutional analysis and nuanced in terms of sensitivity to social historical and political economy issues that arise in the implementation of the rule of law I particularly value its major focus on the need for balance between independence and accountability that afflict any rule of law reform a balance which is missing in more one sided accounts in the literature I believe the book will be widely read and appreciated Pranab Bardhan University of California Berkeley US Within the law and development literature it is the most knowledgeable and comprehensive book on legal reform I think that it will find a grateful readership among people working in development agencies in humanitarian organizations and among scholars and students of development studies Hans Bernd Sch fer University of Hamburg Germany By identifying the key politico economic reasons why rule of law reforms in developing countries have faltered and drawing out the implications for future strategy this book is of immense importance and should be widely read Anthony Ogus CBE FBA University of Manchester UK This important book addresses a number of key issues regarding the relationship between the rule of law and development It presents a deep and insightful inquiry into the current orthodoxy that the rule of law is the panacea for the world s problems The authors chart the precarious progress of law reforms both in overall terms and in specific policy areas such as the judiciary the police tax administration and access to justice among others They accept that the rule of law is necessarily tied to the success of development although they propose a set of procedural values to enlighten this institutional approach The authors also recognize that states face difficulties in implementing this institutional structures and identify the probable impediments before proposing a rethink of law reform strategies and offering some conclusions about the role of the international community in the rule of law reform Reviewing the progress in the rule of law reform in developing countries specifically four regions Latin America Africa Central and Eastern Europe and Asia this book makes a significant contribution to the literature It will be of great interest to scholars and advanced students as well as practitioners in the field including international and bilateral aid agencies working on rule of law reform projects and international and regional non governmental organiza

**The Idea of Poverty** Paul Spicker, 2007-01-10 Paul Spicker examines views about what poverty is and what should be done about it Poverty means many different things to different people for example lack of

money or dependency on benefits Here he makes an argument for a participative inclusive understanding of the term

**Dictionary of Contemporary Chinese Economics** Hong Yinxing, 2025-05-26 This Dictionary provides the theoretical summary and conceptual framework around the milestones obtained through Chinese reform and development and highlights the research achievements of Chinese economics over the past 40 years It also presents Chinese economics to the world featuring the Belt and Road Initiative and the Chinese theory and Chinese system to be known and shared internationally with a Chinese intellectual foundation It sets out to frame the theoretical achievements of extraction and summary of practice experience from Chinese reform and development The choice of entries in the Dictionary seeks to embody the very Chinese characteristics of economics and the combination of theory and practice is illuminated Furthermore the dictionary explores examples of scientific achievements that traditional economics has brought forward and how they fit and unify within both a Chinese as well as an international context

*Peacebuilding and Sustainable Human Development*  
Ayesah Uy Abubakar, 2019-01-07 This book presents the protracted right to self determination conflict between the Philippine state and the Bangsamoro group in Mindanao Philippines In the five decades of attempts to achieve peace a key element is the Bangsamoros search for a kind of development that is compatible with their aspirations for freedom and their future This book presents a study of the Bangsamoro communities and their social constructions of conflict peace and development It examines the viability of the sustainable human development framework for application in their challenging realities The usefulness of the sustainable human development framework lies not only in its use of human development parameters like the Human Development Index It also provides an approach towards development that synergizes with the sustainable peace framework an imperative for Mindanao At the centre of this approach is the Participatory Rural Appraisal and Participatory Learning and Action methodology for eliciting responses stimulating discussion documenting verbal and non verbal ideas and carrying out small scale projects to demonstrate community participation The book concludes with two main points that a both sustainable human development and peacebuilding are mutually reinforcing frameworks aimed at achieving the same human development goals and b the pursuit of the right to self determination is enhanced as both frameworks are combined to provide a context for the attainment of peace in Mindanao

**The Development Economics Reader** Giorgio Secondi, 2008 This book draws together the most authoritative articles on development economics published in the past few years is aimed at undergraduate level and is suitable for students with little or no background in economics The main themes include poverty foreign aid agriculture and human capital and amongst those whose work appears cannot be counted Amartya Sen Jeffrey Sachs Jagdish Bhagwati Joseph Stiglitz Paul Romer Dani Rodrik William Easterly Robert Barro Kenneth Arrow Hernando de Soto Daron Acemoglu Muhammad Yunus Anne Krueger Abhijit Banerjee Esther Duflo Michael Kremer and Martin Feldstein The reader focuses on the most recent and up to date contributions to the field of development economics Instead of collecting classic contributions which are already available through many sources the articles chosen

reflect recent developments in the discipline for instance in the area of geography and development and include contributions that address recent events the dramatic resurgence of a debt relief movement The Development Economics Reader should be an invaluable resource for all students of the discipline

**The Nigerian Journal of Development Studies** ,2009      **International Social Science Journal** ,2009      **Economic Development and Inequality in China** Hong Yu,2011 The conventional belief that all regions have equally benefited from China's remarkable development over the last three decades is subjected to criticism in this book as Hong Yu systematically analyses the issue of regional inequality during the post 1978 period using the case of Guangdong Guangdong is one of the key industrial centres and economic powerhouses in China and as a pioneer province instigating economic reform as China opened up to the world it offers an ideal focus upon which to question and enrich the Western theories of economic geography and regional disparity Based on field research analysis of geographic characteristics and regression models this book illustrates how Guangdong's impressive development record has been marred by its rising regional disparity investigates the main causes of this disparity and draws conclusions regarding the lessons China can learn from it Economic Development and Inequality in China will be of interest to students and scholars of Chinese economics Chinese regional studies economic geography and China Studies Hong Yu is a Visiting Research Fellow at the National University of Singapore His research interests lie in the field of regional economy He is the author of a chapter on China's two delta regions in the book China and The Global Economic Crisis
