### **Introduction:**

This document describes the process required to import test bank file into WebTutor on WebCT 3.x and WebTutor on Blackboard 6. Instructor who received the test bank file from publisher will use this process to import question into the specific platform's question database or pool.

Test bank files will be provided in two different formats, either a WebCT or a Blackboard format. Test bank questions are broken into chapter, however they are delivered as a single file for the entire book. Please note the time to import all test bank questions into the WebCT or Blackboard may vary depends on the number of question per chapter.

WebCT test bank file is a zip file consists of multiple ".wct" file and image files if image file present in the question. Each individual ".wct" file represents one chapter of test bank questions for WebCT. To import the entire test bank, you need to import them on chapter basis.
