Blanchard And Sheen Macroeconomics Australasian Edition:

Macroeconomics ; Australasian Edition Olivier Blanchard,Jeffrey Sheen,2013-05-30 Real current macroeconomic events connected to the theory The new fourth edition of Blanchard s respected Macroeconomics text has been substantially revised to account for the impact of the GFC on the Australasian Economy and the many issues it raises Thus in addition to a first discussion of the crisis in Chapter 1 and numerous boxes and discussions throughout the book we have brought forward the chapter on the GFC to Chapter 9 Macroeconomics is the only intermediate resource with a truly Australasian focus demonstrating economic ideas and issues with hundreds of local and international examples This comprehensive resource presents an integrated view of macroeconomics drawing on the implications of equilibrium conditions in three sets of markets the goods market the financial markets and the labour market *Rethinking Sustainable Development* Seck TAN,2024-06-03 This book demonstrates falsified economic performance of global economies when the environment is not recognised as a capital and when the ecosystem is overlooked towards sustainable development Seck begins with an analysis of standard macroeconomic framework and policy practice He argues with reference to environmental accounting literature that environmental capital must form an integral component of economic measurement This paves the way for an alternative environmental macroeconomics framework for policy analysis that promotes sustainable development The book demonstrates how environmental capital can be measured with reference to select OECD countries and provides a methodology for analysing how macroeconomic goals are related to a steady state economy Seck then concludes with a summary of the conflict between current economic growth and ecosystem preservation and outlines possible policy improvements and directions for research *Rethinking Sustainable Development* is an invaluable reference for policymakers as well as researchers and students of environmental economics sustainable development and macroeconomics **(Aust)**
