Austin Freeman,2017-08-15 These are two short stories from the collection THE GREAT PORTRAIT MYSTERY PERCIVAL BLAND S PROXY and THE MISSING MORTGAGEE wherein the brilliant medical investigator Dr Thorndyke solves murderous crimes Percival Bland was an uncommon criminal He knew that his continual passing of counterfeit banknotes would eventually catch up with him so he had a plan precautions against the inevitable catastrophe We can understand why he has created an alternate persona Robert Lindsay using disguises and renting two places of residence No one seems to notice that he and his cousin Robert never are at their respective homes simultaneously nor are they at home when the other visits nor does anyone see the resemblance of their facial appearance under the makeup But why does he buy human bones at auction The lot was described in the catalog as a complete set of human osteology but they were not an ordinary student s set for the bones of the hands and feet instead of being strung together on cat gut were united by their original ligaments and were of an unsavoury brown colour What does he want with those moldy bones He has a nefarious plan but it does not fool Dr Thorndyke After Dr Thorndyke solved the case of Percival Bland the doctor was called in by a life insurance company to investigate another case There was apparently no doubt that Thomas Elton a friendless poverty stricken artist had fallen from the top of the overhanging cliff onto the beach Now one would suppose with the evidence of this fall of about a hundred and fifty feet the smashed face and broken neck there was not much room for doubt as to the cause of death But Thorndyke indeed has his doubts Richard Austin Freeman 11 April 1862 28 September 1943 was a British writer of detective stories mostly featuring the medico legal forensic investigator Dr Thorndyke He claimed to have invented the inverted detective story a crime fiction in which the commission of the crime is described at the beginning usually including the identity of the perpetrator with the story then describing the detective s attempt to solve the mystery Freeman used some of his early experiences as a colonial surgeon in his novels Many of the Dr Thorndyke stories involve genuine but often quite arcane points of scientific knowledge from areas such as tropical medicine metallurgy and toxicology *Report* Great Britain.
