introduced his beloved Model T he unwittingly gave the average person the means to go racing Prior to the T racing was mostly a sport of the rich but that changed with the Model T Stripped of fenders and hopped up with speed parts T speedsters ruled and it wasn't long before enthusiasm on the track translated to the street and the term hot rod entered the vernacular Of course it didn't need to be a Ford and still doesn't but the easiest and therefore cheapest route to Hot Rod Boulevard is down the Ford road The journey accelerated after World War II as hot rodding boomed with the growth of speed shops car shows drag racing talented and trained GIs returning home and the launch of Hot Rod magazine to spread the gospel far and wide More than 100 years after the original Model T hot rodding remains alive and well in the Australasia Europe and of course its birthplace the US Learn from the best and get started building your affordable hot rod today
