Blackness In Opera:

Blackness in Opera Naomi Andre, Karen M. Bryan, Eric Saylor, 2012-03-01 Blackness in Opera critically examines the intersections of race and music in the multifaceted genre of opera. A diverse cross section of scholars places well known operas Porgy and Bess, Aida, Treemonisha alongside lesser known works such as Frederick Delius's Koanga, William Grant Still's Blue Steel and Clarence Cameron White's Ouanga to reveal a new historical context for reimagining race and blackness in opera. The volume brings a wide ranging theoretically informed interdisciplinary approach to questions about how blackness has been represented in these operas, issues surrounding characterization of blacks, interpretation of racialized roles by blacks and whites, controversies over race in the theatre and the use of blackface and extensions of blackness along the spectrum from grand opera to musical theatre and film. In addition to essays by scholars, the book also features reflections by renowned American tenor George Shirley. Contributors are Naomi Andr, Melinda Boyd, Gwynne Kuhner Brown, Karen M Bryan, Melissa J de Graaf, Christopher R Gauthier, Jennifer McFarlane, Harris Gayle, Murchison Guthrie, P Ramsey Jr, Eric Saylor, Sarah Schmalenberger, Ann Sears, George Shirley and Jonathan O Wipplinger. *Black Opera* Naomi Andre, 2018-05-04 From classic films like Carmen Jones to contemporary works like The Diary of Sally Hemings and U Carmen eKhayelitsa, American and South African artists and composers have used opera to reclaim black people's place in history. Naomi Andr draws on the experiences of performers and audiences to explore this music's resonance with today's listeners. Interacting with creators and performers as well as with the works themselves, Andr reveals how black opera unearths suppressed truths. These truths provoke complex if uncomfortable reconsideration of racial, gender, sexual and other oppressive ideologies. Opera in turn operates as a cultural and political force that employs an immense transformative power to represent or even liberate. Viewing opera as a fertile site for critical inquiry, political activism and social change, *Black Opera* lays the foundation for innovative new approaches to applied scholarship. [The Routledge Companion to Literature and Feminism](#) Rachel Carroll, Fiona Tolan, 2023-12-01 The Routledge Companion to Literature and Feminism brings unique literary, critical and historical perspectives to the relationship between women's writing and women's rights in British contexts from the late eighteenth century to the present. Thematically organised around five central concepts: Rights, Networks, Bodies, Production and Activism, the Companion tracks vital questions and debates, offering fresh perspectives on changing priorities and enduring continuities in relation to women's ongoing struggle for liberty and equality. This groundbreaking collection brings into focus the historical and cultural conditions which have shaped the formation of British literary feminisms, including the legacies of slavery, colonialism and Empire. From the political novel of the 1790s to early twentieth century suffrage theatre and contemporary ecofeminism, and from the mid-Victorian antislavery movement to anti-fascist activism in the 1930s and working class women's writing groups in the 1980s, this book testifies to the diverse and dynamic character of the relationship between literature and feminism. Featuring contributions from leading feminist
