

Next is Hades himself. Going through the House of Hades would stir the demigods' most memories. Their ghosts would become restless. Next may actually *steal* a ghost if he has to shadow-travel with Reyna and Coach Hedge one more time. But that might be better than the alternative: allowing someone else to die, as Hades intended.

Jason's quest is an uncertain, who abandoned him when he was little. He may not know how he is going to prove himself as a leader, but he does know that he will not break promises like she did. He will complete his line of the prophecy. *To move is for the world must fall.*

Reyna fears the consequences of her decisions, who nature says. But she can't allow them to distract her from getting the Athena Parthenon in Camp Half-Blood before war breaks out between the Romans and Greeks. Will she have enough strength to succeed, especially with a deadly hunter on her trail?

Leo fears that his plan won't work, that his friends might interfere. But there is no other way. All of them know that one of the seven has to die in order to defeat Gaea, the Earth Mother.

Piper must learn to live without her mother. Only then will she be able to do her part at the end: save a single soul.

Heroes, gods, and monsters all have a role to play in the climactic fulfillment of the prophecy in *The Blood of Olympus*, the electrifying finale of the best-selling Heroes of Olympus series.

PRaise for THE BLOOD OF OLYMPUS

"Readers looking forward to the fourth novel will find ghosts here, but the young heroes also rely on their wit as they dodge, charm, and negotiate their way through a series of encounters with gods, goddesses, and mythological creatures. . . . [I]f you will read to the absolute end, you will encounter characters based in the thundering conclusion to *The Heroes of Olympus* series." —*Booklist Online*
