Blossom What Scotland Needs To Flourish Viewpoints:

Blossom Lesley Riddoch, 2020-04-24 Blossom is an account of Scotland at the grassroots through the stories of people I've had the good fortune to know the most stubborn talented and resilient people on the planet They've had to be Some have transformed their parts of Scotland Some have tried and failed But all have something in common they know what it takes for Scotland to blossom We should too Weeding out vital components of Scottish identity from decades of political and social tangle is no mean task but it's one journalist Lesley Riddoch has undertaken Dispensing with the tired yo-yoing jousts over fiscal commissions Devo Something and EU in or out Blossom pinpoints both the buds of growth and the blight that's holding Scotland back Drawing from its people and history as well as the experience of the Nordic countries and the author's own passionate and outspoken perspective this is a plain speaking but incisive call to restore equality and control to local communities and let Scotland flourish

Scotland's Referendum David Torrance, 2014-06-19 On 18 September 2014 everyone in Scotland aged 16 or over will be asked the question Should Scotland Be An Independent Country As the referendum approaches the debates over whether or not Scotland should be an independent country are becoming more heated This guide produced by respected Scottish journalists and authors Jamie Maxwell and David Torrance covers everything you need to know in advance of deciding which way to vote Maxwell and Torrance summarise the main arguments for and against before delving into the central issues at the heart of the debate including economics welfare and pensions defence and foreign affairs and culture and national identity They outline the way that Scotland is currently governed and review where the parties stand on the debate before concluding with speculative chapters on what happens after the vote whether YES or NO The referendum on 18 September 2014 is the most significant democratic event in Scotland's history Get engaged Be informed Whatever you do don't NOT vote

The people we could be Alexander Bell, 2014-08-18 We live in a time of crises in a state with no moral purpose This generation could become great by tackling Scotland's domestic problems and the wider issues facing the world That is only possible if we take charge set the goal of equality and give ourselves twenty years to transform our society We can lead ourselves to a better world ALEX BELL Former Head of Policy to First Minister Alex Salmond Alex Bell puts Scotland's future in a global context and sets out a way for Scotland and the UK to reform This is a manifesto for the future free of party lines or the usual orthodoxies if you read only one book on the referendum make it this one The sort of original thinking that has been so sorely missing in the debate BEN THOMSON Reform Scotland Badly needed as a guide for the general reader to the issues facing the Scottish people KENNETH ROY Scottish Review A rare work a stimulating read that you would hope party manifestos would aspire to but rarely do JOHN McLAREN Centre for Public Policy for Regions A manifesto for the future ANDY WIGHTMAN author of The Poor Had No Lawyers an eloquent and alarmingly persuasive book THE SCOTSMAN on Peak Water

A Modest Proposal Angus Reid, 2014-05-01 The history of parliament in the UK has a consistent theme the refusal to accept any binding contract with

the people This unacceptable status quo goes for Holyrood as much as for Westminster The time has come for people to challenge the power of the ruling class We want to see the Scottish Parliament become an institution that it has so far failed to be an institution committed to the sovereignty of the people We want the people of Scotland to lead the rest of the UK by example and ensure that the actions of a government are bound by shared political and ethical values And we propose the first step a modest proposal for the agreement of the people Are you with us ANGUS REID and MARY DAVIS We need a common ground and this is a brave attempt to create that in simple and universal language DAVE MOXHAM Deputy General Secretary STUCT This fascinating project has the seed of revolution in it GEORGE GUNN writer and broadcaster CONTENTS Prologue Call for a Constitution Introduction CHAPTER 1 The Words CHAPTER 2 The Journey Map Responses Schools CHAPTER 3 The Past The English Revolution 1647 to 1649 The Workers Story 1910 to 1918 For Women 1914 to the present day CHAPTER 4 Considering a Constitution A socialist view A view from a former Government insider A view from Iceland A view from the Red Paper Collective A view across the Meadows CHAPTER 5 Epilogue The White Paper Acknowledgements Contributors Bibliography Petition
