Common Core Document Forming Part of the Reports of States Parties ,2010 **The UN Convention on the Elimination of All Forms of Discrimination Against Women** Marsha A. Freeman,Christine Chinkin,Beate Rudolf,2012-01-26 This volume is the first comprehensive commentary on the Convention on the Elimination of All Forms of Discrimination against Women and its Optional Protocol The Convention is a key international human rights instrument and the only one exclusively addressed to women It has been described as the United Nations landmark treaty in the struggle for women s rights The Commentary describes the application of the Convention through the work of its monitoring body the Committee on the Elimination of Discrimination against Women It comprises detailed analyses of the Preamble and each article of the Convention and of the Optional Protocol It also includes a separate chapter on the cross cutting substantive issue of violence against women The sources relied on are the treaty language and the general recommendations concluding observations and case law under the Optional Protocol through which the Committee has interpreted and applied the Convention Each chapter is self contained but the Commentary is conceived of as an integral whole The book also includes an Introduction which provides an overview of the Convention and its embedding in the international law of human rights

Economic, Social and Cultural Rights in International Law Manisuli Ssenyonjo,2009-07-03 The effective promotion protection and fulfilment of economic social and cultural ESC rights is an important but under explored component of international human rights law of which ESC rights form an essential part They are fundamental to the dignity of every person At the international level ESC rights are protected in several international instruments the most comprehensive being the International Covenant on Economic Social and Cultural Rights the Covenant ratified by a majority of States However claims of violations of ESC rights are treated less seriously This book subjects ESC rights protected in the Covenant to a deeper analysis in light of the practice of the Committee on Economic Social and Cultural Rights while taking into account other relevant sources of ESC rights at national regional and international levels It also analyses key issues relevant to ESC rights with particular emphasis on various themes including State obligations non State actor s obligations women s ESC rights domestic protection of ESC rights and State reservations to ESC rights The book further makes a thorough

examination of the rights to work health and education By so doing it demonstrates that ESC rights are justiciable and must not be marginalised The book also brings together a collection of essential materials on ESC rights needed to understand and analyse the subject Written by an international human rights scholar this timely work will be of value to all those interested in human rights and international law Human Rights in Crisis Alice Bullard,2017-05-15 This volume expands our understanding of the pursuit of human rights during the era of the War on Terror The threat to human rights both in the United States and among detainees in US governed detention facilities created a widely perceived crisis in human rights This text explores the broad and complicated ramifications of crisis by looking comparatively at societies in the present era and looking back at the historical and legal foundations of human rights Human Rights in Crisis contains an element of hope derived from a conviction that the pursuit of human rights happens on many fronts and in many ways around the globe that a retreat from human rights in the United States does not necessarily signal a global retreat The essays here include perspectives from History Anthropology and Legal Studies with a resulting interdisciplinary portrait of the complexities of pursuing human rights in wartime **Migration and Human Rights** Ryszard Cholewinski,Paul F. Committee against Torture, 2007. *Annual Review of United Nations Affairs 2009/2010 VOLUME II* Joachim Muller, Karl P. Sauvant, 2011-04-15. The set generally Since the publication of its first edition in 1950 the Annual Review of United Nations Affairs has stood as the authoritative resource for scholars, students and practitioners researching the latest developments of that august body. From the insightful introduction prepared each year by a distinguished expert on UN affairs to the full text presentation of reports and resolutions and the helpful subject index ARUNA provides a practical tour of each year's UN actions and debates. The expert selection of documents by Joachim Muller and Karl Sauvant and the topic based organization of those documents make any researcher's task much easier than the vast searching, sorting and pruning required by the UN's website. The series' topic based organization of the materials and subject index lend invaluable guidance to all researchers. ARUNA presents comprehensive documentation of the work of the UN on an annual basis starting in September of each year with the beginning of the regular sessions of the General Assembly. Coverage of the UN's key organs is provided including the General Assembly, the Security Council, the Economic and Social Council, ECOSOC, the International Court of Justice and the UN Secretariat. In addition, selected reports of intergovernmental bodies and expert groups are included. Solely official UN documentation is used. ARUNA occupies a special place in the publications on the work of the UN as it allows readers to obtain an overview of the principal developments in its key organs. This makes it an important reference source for policy makers and academic researchers. b. The 2009-2010 volumes. This year's edition continues to focus on the world financial crisis and the reaction of the United Nations and the international financial system to that crisis. The Overview to this year's edition written by Joachim Muller and Karl Sauvant examines the changing role of the United Nations and explores ways in which the management of the financial crisis has impacted that role. The Introduction to this year's edition also examines the effects of this crisis. This Introduction is drawn from the Report of the Commission of Experts of the President of the United Nations General Assembly on Reforms of the International Monetary and Financial System as well as a slightly edited version of a Preface to that report written by Professor Joseph E. Stiglitz. The Introduction discusses the findings of the Commission and proposes the creation of a new institution, a Global Economic Coordination Council which would be supported by an International Panel of Experts with a geographically diverse membership that would represent the interests of emerging and developing countries as well as those of developed countries. Dr. Joseph E. Stiglitz who served as Chairman of the Commission and wrote the Preface to the Commission's Report holds joint professorships at Columbia University's Economics Department and its Business School. He is also Co-founder and Co-President of the Initiative for Policy Dialogue. From 1997 to 2000 he was the World Bank's Senior Vice President for Development Economics and Chief Economist.
