Reassessing Solitary Confinement United States. Congress. Senate. Committee on the Judiciary. Subcommittee on the Constitution, Civil Rights, and Human Rights, 2012 **Handbook of LGBT Communities, Crime, and Justice** Dana Peterson, Vanessa R. Panfil, 2013-12-04 Contemporary scholars have begun to explore non normative sexual orientation gender identity and gender expression in a growing victimization literature but very little research is focused on LGBTQ communities patterns of offending beyond sex work and their experiences with police the courts and correctional institutions This Handbook the first of its kind in Criminology and Criminal Justice will break new ground by presenting a thorough treatment of all of these under explored issues in one interdisciplinary volume that features current empirical work

Supermax Sharon Shalev, 2013-05-13 This book examines the rise and proliferation of Supermaxes large prisons dedicated to holding prisoners in prolonged and strict solitary confinement in the United States since the late 1980s Drawing on unique access to two Supermax prisons and on in depth interviews with prison officials prison architects current and former prisoners mental health professionals penal legal and human rights experts it provides a holistic view of the theory practice and consequences of these prisons Given the historic uses of solitary confinement the book also traces continuities and discontinuities in its use on both sides of the Atlantic over the last two centuries It argues that rather than being an entirely new form of imprisonment Supermax prisons draw on principles of architecture surveillance and control which were set out in the early 19th century but which are now enhanced by the most advanced technologies available to current day prison planners and administrators It asks why a form of confinement which had been discredited in the past is now proposed as the best solution for dealing with difficult dangerous or disruptive prisoners and assesses the true costs of Supermax confinement *Segregation Policies in California Prisons* California. Legislature. Senate. Committee on Public

Safety, California. Legislature. Assembly. Committee on Public Safety, 2013 Discusses the supermax prisons designed to house long term solitary confinement prisoners **In Her Hands** Dr. Emma Day, 2023-08-01 In Her Hands examines the various strategies women have utilized to fight for recognition as individuals vulnerable to and living with HIV AIDS across multiple settings since the 1980s Taking a new chronological and thematic approach to the study of the US epidemic it explores five arenas of women s AIDS activism transmission and recognition reproductive justice safer sex campaigns for queer women the carceral state and HIV prevention and treatment In so doing it moves the historical understanding of women s experiences of AIDS beyond their exclusion from the initial medical response and the role women played as the supporters of gay men Asking how and on what terms women succeeded in securing state support In Her Hands argues that women protesting the neglect of their health care needs always risked encountering punitive intervention on behalf of the symbolic needs of fetuses and children as well as wider society deemed to need protecting from them [Analysis of the Budget Bill of the State of California for the Fiscal Year ...](#) California.
