A gathering patch of storm clouds blot out the stars in the corner of of my eye and the closer I get to *Beyond the Vale*, the stronger the creeping sense of dread that swirls around in my stomach gets stronger.

I ran faster, faster, faster still, all the while thanking Hecate I'm fit enough to keep this up after battling the vamp for so long. Even this late at night, London heaved with people, and I was forced to swerve and weave my way along the busy streets.

I knew, as soon as I turned the corner and caught sight of Freddy's occult book shop, that something was, wrong.

From this vantage point, I could tell all the lights were out, save for a solitary bulb flickering near the front of the shop, and the door hangs open, creaking as the cool night breathed on it.

Freddy wouldn't leave the door unlocked.

Not this late.

I slowed my pace, slipping Simon and Garfunkel free and gripping their hilts tight. Creeping closer to the entrance to *Beyond the Vale* I whispered, "I hope you're ready for this boys?"

Yes.

I was that girl.

The one who personified her weapons and spoke to them like they were my best friends in times of stress.

Close up, I noticed the glass in the front door was blasted inward, *glittering* shards scattered all over the floor inside. I called to my magic, just in case I needed it, and shimmied past the swaying door. I tried my best to be quiet, but could do little to stop the broken glass crunching beneath my heavy boots.

Complication(s) – Once the dust settles after the fight from scene 1, FMC finds out about the crime. She may have been on her way to a meeting to find out about the job when she was attacked by the creature from the previous scene. Or maybe the creature was there to deliver a message to her about the crime but decided to attack her, too. The crime typically involves one of these things: Someone was killed, someone was kidnapped, or a magical artifact was stolen. The magical creature (e.g., vampire, shapeshifter, witch, fae) telling her about the crime wants her help to solve it. (E.g., they want to hire her because she's a mercenary, or the victim of the crime is someone the FMC cares about.)

Choice – Should she take the assignment or get involved in hunting down the criminal(s)?

Consequences – She decides to get involved despite her reservations. She decides to take the case because either the money is too good to pass up, or she knew the victim and wants vengeance.

POV Character's Feelings – She is deeply disturbed by the
