*The Report: Indonesia 2019* Oliver Cornock, The Indonesian economy had a strong year in 2018 with growth of 5.2% marking the fastest pace in half a decade. This came on the back of robust domestic consumption, increased foreign investment, and continuing efforts to reform policy and simplify investment procedures, despite challenges including a falling rupiah, a trade imbalance, and global political issues. **The Report: Bahrain 2019** Oliver Cornock, Despite its diversified economy, Bahrain has nonetheless faced pressures in recent years as a result of the 2014-15 drop in global oil prices. However, a multibillion-dollar aid package from other Gulf states and an accompanying fiscal adjustment plan, as well as growth following a partial oil price recovery and a major oil and gas discovery, offer hope for an economic turnaround in 2019.

*The Report: Myanmar 2018*, Although recent GDP growth has moderated from the double-digit highs of the early 2000s, it has remained above 5% for more than 25 years, supported by robust natural resource exports, steady foreign direct investment (FDI), rising incomes, and private consumption, and rapid expansion of the industrial and services sectors. External headwinds and internal conflict have dampened the near-term outlook, however, the country's long-term economic outlook remains positive with rising investment in transport and power infrastructure expected to drive GDP and industrial growth, supported by a sharp increase in personal incomes and consumer spending. **The Report: Egypt 2018**, Egypt has enjoyed a period of political stability since the turbulence of 2011-13, implementing a wide-ranging programme of economic reform. The process started with a drive to rebalance the economy through a number of challenging initiatives, including the reduction of subsidies, the introduction of value added tax, and the

liberation of the Egyptian pound At the outset of 2018 these headline measures had been implemented and the government's focus has since shifted to the improvement of governance and the investment climate This effort includes the promulgation of the Civil Service Reform Law aimed at cutting the large public sector wage bill and an array of legislation designed to remove investment barriers such as the Industrial Licensing Law the Investment Law and the Company Law

**Global Issues beyond Sovereignty** Maryann Cusimano Love, 2019-10-07 Other global issues books are a rather eclectic mash up of topics headlines du jour with an and now this organizational scheme The hot topics may have cooled by press time and the presentation to students is disjointed not clear The approach is often a scare em and leave em presentation of a global horror show of problems without clear arguments about the connections among the issues or integrated discussions of solutions In contrast *Global Issues Beyond Sovereignty* provides a thesis and a common narrative throughout the issue chapters The range of responses to manage global issues are compared and discussed throughout Global problems move at internet speed governments do not move so quickly This creates gaps in what citizens expect the state to do and what countries have the capacities to do This paradox is a problem not only for weak or failing states even the strongest states in the system struggle in how to effectively respond to global issues from cybersecurity to environmental toxins States cannot solve or manage trans sovereign issues alone The power of the private sector is growing both legal and illegal for profit and non profit while state power is flat or in some places declining While private sector actors have means to impact transnational issues they do not have a public mandate to do so Countries increasingly must learn how to play well with others this is easier said than done Attempts to manage global issues flow through three channels public sector responses private sector responses and mixed public private partnerships All three channels are explored throughout the book uniting the issue chapters in a common discussion of challenges and responses The conclusion presents lessons learned for theory and practice from managing global issues

**Social Change in the Gulf Region** Md Mizanur Rahman, Amr Al-Azm, 2023-03-21 This open access book comprising thirty nine chapters divided into social cultural economic and political spheres offers a unique opportunity to dive into the complex dynamic and sometimes contradictory transformation of Gulf societies in the last few decades Whilst the Gulf region has at times been seen as impervious to this natural phenomenon of transformation timeless never changing deeply rooted in its ancient tribal customs and traditions and able to blend past and present seamlessly without suffering the wrenching trauma of change this is clearly not the case and the region is not immune to the inevitable forces of social change There is no doubt today that the social change sweeping the Gulf has been profound affecting almost every aspect of life in the Gulf societies This volume has an encyclopedic value as the chapters collectively offer multifaceted and multidisciplinary perspectives to understand social change in the Gulf region Through these chapters the role of economic and educational transformation and the impact of social media migration and urbanization have in driving social change in the Gulf societies is examined in detail with a focus on their directions magnitudes and relevant policy options It also considers how COVID 19

is affecting the lives of the people in the Gulf This book bridges gaps in the understanding of the rapid pace of social change in the Gulf offering practical solutions for policy interventions It is of interest to scholars and students in Middle Eastern studies specifically as well as sociology media studies migration studies and educational policy     *Documentación de la FAO*. ,1994     **Documentación de la FAO; Bibliografía Corriente** Food and Agriculture Organization of the United Nations.
