**Excellence** ,2005     *The Desecularisation of the City* David Goodhew,Anthony-Paul Cooper,2018-09-21 Major cities have long been seen as centres of secularisation However the number of congregations in London grew by 50% between 1979 and the present London s churches have been characterised more by growth than by decline in the decades since 1980 The Desecularisation of the City provides the first academic survey of churches in London over recent decades linking them to similar developments in other major cities across the West Produced by a large team of scholars from a range of disciplines this volume offers a striking and original portrait of congregational life in London since 1980 Seventeen chapters explore the diverse localities ethnicities and denominations that make up the church in contemporary London The vitality of London s churches in the last four decades shows that secularisation is far from inevitable in the cities of the future This study necessitates a significant reassessment of the dominant academic portrayal of Christianity in Britain and the West which has mostly depicted cities as secular spaces within a secularising culture It will be of great interest to scholars working across a wide range of disciplines including history sociology religious studies and theology     *Religion, History, and Politics in Nigeria* Chima J. Korieh,Ugo G. K. Ukah,2008 Ukah describes with great historical and sociological incisiveness one of the prime movers of this transformation the Redeemed Christian Church of God RCCG which has more than 10 000 congregations in more than 80 countries around the world     Can a Christian Be Cursed? Godwin O. Adeboye,2023-04-06 The belief in curses is widespread in Africa impacting the lived reality of both Christians and non Christians alike In this book Godwin Adeboye provides practical biblical and contextual guidelines for addressing the African conception of cursing and for ministering to the fear and confusion such cursing elicits He argues that African evangelical theology must begin by understanding and valuing the unique experiences of African Christians if it is to offer relevant answers to the real dilemmas they face To this end Adeboye draws on African

traditional beliefs empirical research and the teachings of popular African pastors to provide insight into the religious and cultural contexts of the contemporary African church Against this backdrop he explores biblical passages on cursing and utilizes the evangelical positions on biblical authority the atonement personal conversion and active mission to evaluate cultural beliefs and bring them into alignment with the gospel While this text is an excellent resource for students of theology missiology and biblical or cultural studies it is also immensely practical and deeply pastoral Ultimately it is a book to empower believers to confront their fear of curses equipped with the truth of Scripture Innovation and Competition in Zimbabwean Pentecostalism Ezra Chitando, 2021-01-28 Using the concept of a religious market this volume explores how African Traditional Religions and churches within Prophetic Pentecostalism in Zimbabwe seek to attract and retain members and clients Chapters provide extensive coverage of two of the leading churches namely Emmanuel Makandiwa's United Family International Church UFIC and Walter Magaya's Prophetic Healing and Deliverance Ministries PHD Contributors also explore the strategies adopted by Pentecostalism in general while others focus on African Traditional Religions They show that although Prophetic Pentecostalism has gained a significant share of the market in Zimbabwe and in Southern Africa in general it is not without controversy In particular it has been associated with the abuse of women and exploiting members and clients for financial gain Innovation and Competition in Zimbabwean Pentecostalism is an important contribution to understanding the marketization of religion Special Research Issue, 2005 **The Bloomsbury Handbook of Apocalypticism and Millennialism** Tristan Sturm, Andrew Crome, 2025-10-16 In an age shadowed by pandemics climate catastrophe authoritarian resurgence and existential technological threats The Bloomsbury Handbook of Apocalypticism and Millennialism offers a timely and indispensable exploration of how societies make sense of their Ends and their hoped for new beginnings This ground breaking volume gathers leading scholars to trace the evolution meanings and enduring potency of apocalyptic and millennial ideas across religious secular and cultural landscapes From ancient revelatory texts to contemporary political movements and popular culture the book dissects how these concepts function not just as prophecies of doom but as frameworks for resistance renewal and transformation Through meticulous historical analysis and bold theoretical interventions the contributors interrogate core debates from the distinctions between apocalypticism and millennialism to their radical entanglements with justice space temporality and morality This volume dismantles simplistic portrayals of End Times thinking revealing instead its nuanced world shaping logic Whether manifest in religious movements or global politics apocalypse is no longer a marginal concern it is the defining hermeneutic of our times Scholarly provocative and urgent this Handbook is essential reading for researchers students and anyone seeking to understand how humanity envisions and enacts its endings and potentially new beginnings Religion in the Context of African Migration Afeosemime Unuose Adogame, Cordula Weissköppel, 2005 Hidden In Plain Sight John Marinelli, 2021-04-12 Perfect for personal Bible study or discussion group sessions A Must Have for Christian Growth evangelism spiritual growth an easy read and well
