

The Day After Tomorrow Viewing Guide & Worksheets

Thank you for purchasing this movie viewing guide and research worksheet. The activity is designed to be used with the movie "The Day After Tomorrow" that was released in 2004 by 20th Century Fox.

If you do not have a copy of the movie, it can be purchased on Amazon ([click here](#)) or Walmart ([click here](#)).

This lesson includes a pre-screening activity with basic questions about the weather and climate that will require students to conduct a little bit of research.

The viewing guide is split into four sections to go along with the movie. Each of the four sections contains questions that are designed to make students think about the people and ideas at play in the film as well as to ensure that students are paying attention to the plot.

There is also a post-screening activity sheet that asks specific questions about the content in the film and asks students to think critically about the content of the film and determine if they believe the film is realistic.
