

DBQ – Document Based Questions

The Document Based Question (DBQ) is an essential activity you need to master when it comes to analyzing history. DBQs require you to analyze multiple points of view of a singular historical event, group the points of view accordingly, and then use ALL of the points of view to prove your thesis statement. You are basically writing a 50-minute research paper where all of the sources are already provided for you! These skills are also crucial to learn in order to become a more questioning, skeptical, and logical adult and citizen as well. You take part in many DBQs every week, whether you are hearing different views of an argument amongst family or friends, or hearing a debate about the latest political topic. These DBQ skills will transcend beyond the 50-minute essays you will be writing in class this year ☺.

DBQ Rules and Tips

1. You have 50 minutes to complete a DBQ. The first 10 minutes are used to analyze the documents and plan your essay. The last 40 minutes are used to write the essay.

Tip: If you need to use an extra 5 minutes to analyze the documents, use it. But do not use any more time!
2. The basic rules to essay writing apply to DBQ writing.
 - a. Your introduction **MUST** include a clear and original thesis statement and 3 Points of Proof (supporting points)
 - b. You need to **ANSWER THE ACTUAL QUESTION**
3. You can include outside information in your DBQs, if you feel it helps you explain some of the documents, and it bolsters your thesis. But it is essential that you prove in a DBQ is how well you can...
 - a. Analyze the Points of View (POV) within the documents
 - b. Group the Points of View from the documents to support a thesis
4. DBQs must have an introduction and conclusion, and you need **AT LEAST** 3 body paragraphs...but 4 is acceptable too.
5. How to analyze the documents.
 - a. You can form a preconceived framework/thesis before you read the documents, but be flexible with it...it might change.
 - b. Quickly look at the **SOURCES** of the documents
 - i. You might be able to form ideas and/or groups just by looking at the author of the document
 - c. Read the documents and make notes on the packet
 - i. Circle key words or phrases
 - ii. You must accomplish the two big DBQ Skills...**POV** and **Grouping**
 1. Continue to look for varying Points of View based on Authorial POV, Reliability, and Tone
 2. Begin to form your ideas based on the grouping of your Documents
 - iii. Spend 10-12 minutes...you need to read quickly!!
 - iv. You need to find at least 3 POV Groupings
