Volunteer Police in the United States Elizabeth C. Bartels, 2013-11-19 This work examines in depth the phenomenon of volunteer policing in the United States Due to a combination of municipal budget cuts decreased manpower and a renewed interest in community partnership everyday citizens are increasingly joining the police rank and file This trend provides low cost solutions for a number of policing problems but also brings its own special challenges and considerations This work provides a historical overview of volunteer police in the United States and abroad an practical overview of volunteer programs throughout the United States including training programs requirements and qualifications a close examination of two central types of laws governing volunteer police units the Stand Your Ground law and the Good Samaritan law and overview of the dangers that can face volunteer police units and a comparative analysis with volunteer programs worldwide It will be of interest to researchers in police studies criminal justice administration and for policymakers and practitioners working with police organization and training

Refugees and Migrants in Law and Policy Helmut Kury, Sławomir Redo, 2018-05-31 Refugees and migration are not a new story in the history of humankind but in the last few years against a backdrop of huge numbers of migrants especially from war torn countries they have again been a topic of intensive and contentious discussion in politics the media and scientific publications Two United Nations framework declarations on the sustainable development goals and on refugees and migrants adopted in 2016 have prompted the editors who have a background in international criminology to invite 60 contributors from different countries to contribute their expertise on civic education aspects of the refugee and migrant crisis in the Global North and South Comprising 35 articles this book presents an overview of the interdisciplinary issues involved in irregular migration around the world It is intended for educationists educators diplomats those working in mass media decision makers criminologists and other specialists faced with questions involving refugees and migrants as well as those interested in improving the prospects of orderly safe regular and responsible migration in the context of promoting peaceful and inclusive societies for sustainable development Rather than a timeline for migration policies based on now with states focusing on stopping migration now sending back migrants now or bringing in technicians or low skilled migrant workers now there should be a long term strategy for multicultural integration and economic assimilation This book prefaced by François Crépeau the United Nations Special Rapporteur on the human rights of migrants and William Lacy Swing Director General of the International Organization for Migration addresses the question of the rights and responsibilities involved in migration from the academic and practical perspectives of experts in the field of social sciences and welfare and charts the way forward to 2030 and beyond and also beyond the paradigm of political correctness

Cj? MASTERS, 2020-05-05 **Bound for Cj** RUTH E. MASTERS, 2016-07-29 **Cj Masters, CJ**, 2013 **CJ**, 2010 *Agrekon*, 2005 **Law, Violence and Constituent Power** Héctor López Bofill, 2021-05-30 This book challenges traditional theories of constitution making to advance an alternative view of constitutions as being founded on

power which rests on violence The work argues that rather than the idea of a constitution being the result of political participation and deliberation all power instead is based on violence Hence the creation of a constitution is actually an act of coercion where through violence one social group is able to impose itself over others The book advocates that the presence of violence be used as an assessment of whether genuine constitutional transformation has taken place and that the legitimacy of a constitutional order should be dependent upon the absence of killing The book will be essential reading for academics and researchers working in the areas of constitutional law and politics legal and political theory and constitutional history

Introducing Gender and Women's Studies Linda Diane Richardson, Sandra Victoria Robinson, 2020-04-22 At a time where after decades of progress in gender and sexual rights people in many parts of the world are facing new forms of resistance and opposition to gender equality this timely publication confirms the continuing importance and relevance of gender and women's studies The fifth edition of this best selling textbook provides a comprehensive overview of key issues and debates in gender and feminist theory With fully revised chapters written by specialists across a range of core topics including sexuality race bodies family masculinity methodologies and migration this clearly written but rigorous collection examines contemporary debates and provides helpful examples and questions to consider Furthermore it continues to reflect the shift from women's studies to gender studies incorporating coverage of masculinity throughout as well as discussing live debates such as around global activism transgender rights and the environment It continues to be an indispensable resource for students academics and anyone interested in this lively field New to this Edition A new chapter on gender and migration Expanded discussion of transgender rights as well as masculinity studies Brings seven new contributors to the collection with newly authored chapters on Gender and Environment Gender and Education Gender and Sexuality and Gender and Race Fully revised and updated with new material and new case examples Greater attention to intersectional approaches and international reach

Toward an Understanding of Europe Alan W. Ertl, 2008 For the earnest student of Europe this unique work brings together a basic review of essential segments of intellectual thinking In this volume pertinent conceptual relationships substantial relevant particulars and an array of specific mechanics are all intertwined and used as a focus to examine the ongoing complex European integration process By defining important parameterizations this text develops a paradigm probing the current day international activities which are rapidly leading to meta national European supra nationality The most basic substantive of the integration process is the collective various peoples of Europe with their individual diversities The origins of these collective diversities the defining historical nationhood precedent is herein examined revealing the essential elements of individual identities ethnologies linguistic collectivities and other antecedents imputing elements which compose the substance and stuff today coalescing into tomorrow's future harmonized European identity This book is unique as it traces from many different origins the elements that are merging Europe into one collective future This book sketches a process of onward integration as a continuation of

what has happened in the past This argument is augmented with many time lines definition martial and historical presentation making it easy for the reader to grasp straightforwardly the wide ranging substance out of which a single whole is being constructed As a cognitive dynamic movements such as the Nordic League European Union and EFTA as well as many other entities have been noted movements each in their own way all contributing to an overall integrated Europe As the more prominent initiative the European Union with its diverse and constituent parts is carefully presented as well as its unique decision making process which is working to focus singular interests into collective benefits Integration is an inevitable byproduct of continentalization itself a sub consideration of globalization The time and perhaps the gestalt of the end result of this activity is not known however with a comprehensive overview the motion is clearly identifiable and the direction unequivocally certain The Single House of Europe is being built of very different elements This book defines these elements in terms of a paradigm for understanding the process of integration the process that is rapidly forming the new Single House of Europe
