Aldo Roberto Ometto,Joseph Sarkis,Steve Evans,2024-03-29 The book will explore using multiple perspectives from multiple
contributors two main aspects for circular economy CE business and technology B T systems and value perspectives Going
beyond a linear economic perspective the traditional perspective CE needs to develop intentional and integrated paths to
help restore physical resources and regenerate the functions of natural and anthropic systems creating greater economic and
social opportunities with environmentally positive outcomes Whether this is feasible and possible within the context of CE
and B T is something that will be central to the contributions made in this book A major objective of the book is to deliver
practical and fundamental knowledge of B T CE insights combining a systems perspective and value creation for socio
technical innovation leading to sustainable transitions and effective transformations Based on those key aspects the book is
structured in two parts one from a more theoretical and conceptual basis in Part 1 and a more applied perspective in Part 2
The chapters in Part 1 are presented through the lens of business and systems transitions In Part 2 the chapters present the
opportunities and the journeys from real case studies of companies engaged in circular business strategies processes
